Introduction

In compliance with Federal law and in the spirit of cooperation, the Wilmington Urban Area conducts a “cooperative, comprehensive, and continuing....” transportation planning process. This Planning Work Program (PWP) outlines the tasks and associated funding sources dedicated to the Wilmington Urban Area MPO transportation planning process during fiscal year 2017-2018. Depending on the specific funding source, tasks funded through the PWP are eligible for reimbursement of 80-90% of their cost from the Federal Highway Administration and Federal Transit Administration through the North Carolina Department of Transportation.

The PWP for the Wilmington Urban Area identifies four separate funding sources for Urban Area transportation planning. A brief description of these funding sources follows:

- Statewide Planning and Research Programs (SPR)-These funds are used by NCDOT to conduct work for the Wilmington Urban Area MPO.

- Federal Highway Administration Section 104(f) Funds-These funds are dedicated to the urban area to perform transportation planning. They require a 20% local match.

- Federal Transit Administration Section 5303 Funds-These funds are used for transit planning in the urban area. The Federal Transit Administration provides 80% of these funds, NCDOT 10%, and there is a required 10% local match.

- Surface Transportation Program-Direct Attributable Funds- These funds are dedicated to Transportation Management Areas and these funds can be used to perform transportation planning. They require a 20% local match.

The local match requirements will be shared by all members of the Wilmington Urban Area MPO in direct proportion to population as defined in the Wilmington Urban Area MPO Memorandum of Understanding.
Narrative of PWP Section 104(f) Work Tasks to be Performed in FY 2017-2018
(Primary work to be performed by lead planning agency staff except where noted.)

Line Item Code

II-A1 Traffic Volume Counts- Wilmington MPO staff maintains an ongoing traffic counting program. An annual summary of the urban area traffic counts and accident data will be prepared and uploaded to the WMPO website.

II-A2 Vehicle Miles of Travel- Establish VMT as measure of effectiveness of transportation system. Measure the VMT with the new travel demand model.

II-A3 Street System Changes- No tasks foreseen.

II-A4 Traffic Accidents- Currently MPO staff conducts an ongoing effort to summarize traffic accident data for specific projects. MPO staff also utilizes accident data for specific inquiries.

II-A5 Transit System Data- Update of transit system database as needed.

II-A6 Dwelling Unit, Population, Employment Changes- Will measure land use changes by Transportation Analysis Zone between 2010 Census and travel demand model base year. Staff will provide capacity analysis for proposed developments within the Wilmington planning area boundary.

PROPOSED ALIGNMENT FOR BICYCLE HIGHWAYS 3 AND 5

LEGEND
- EXISTING BICYCLE HIGHWAY
- NEW PROPOSED ALIGNMENT

GREENFIELD LAKE

MAP OF WILMINGTON, NORTH CAROLINA
RESOLUTION SUPPORTING THE REALIGNMENT OF NORTH CAROLINA BICYCLING HIGHWAYS 3 AND 5 AND A REQUEST FOR NCDOT TO REANALYZE BICYCLING HIGHWAYS STATEWIDE

WHEREAS, the Wilmington Urban Area Metropolitan Planning Organization provides transportation planning services for the City of Wilmington, Town of Carolina Beach, Town of Kure Beach, Town of Wrightsville Beach, Town of Belville, Town of Leland, Town of Navassa, New Hanover County, Brunswick County, Pender County, Cape Fear Public Transportation Authority and the North Carolina Board of Transportation; and

WHEREAS, the responsibility of the Wilmington Urban Area Metropolitan Planning Organization (WMPO) Bicycle and Pedestrian Advisory Committee is to provide recommendations to the WMPO Board with regards to bicycle and pedestrian accommodations; and

WHEREAS, in 2016 more than 16,000 trucks moved through the Port of Wilmington, nearly all of which utilized South Front Street to access the Cape Fear Memorial Bridge; and

WHEREAS, the North Carolina State Ports Authority requested an alternate route be designated for North Carolina Bicycling Highways 3 and 5 along South Front Street, expressing concerns about the combination of commercial truck traffic and the bicycle highway designations; and

WHEREAS, the Wilmington Urban Area MPO Bicycle and Pedestrian Advisory Committee formed a subcommittee composed of NC Ports staff, WMPO Bicycle and Pedestrian Advisory Committee members and WMPO staff to investigate alternatives for the South Front Street corridor; and

WHEREAS, the subcommittee determined that the best solution would be to revise North Carolina Bicycling Highways 3 and 5 to better accommodate all groups of cyclists in the region; and

WHEREAS, the recommendation is a proposed new route alignment directing cyclist away from the South Front Street corridor onto Caste Street, onto 5th Avenue, onto Willard Street, onto 3rd Street which leads to a multi-use path around Greenfield Lake, onto Lake Shore Drive, onto Morningside Drive, crossing to Central Boulevard, which dead ends into Burnett Boulevard picking back up onto the current Bicycle Highways 3 and 5; and

WHEREAS, the Wilmington Urban Area Metropolitan Planning Organization’s Bicycle and Pedestrian Advisory Committee approved this recommendation on January 17, 2017.

NOW THEREFORE, be it resolved that the Board of the Wilmington Urban Area Metropolitan Planning Organization hereby supports the Bicycle and Pedestrian Advisory Committee’s recommendation for the re-alignment of North Carolina Bicycling Highways 3 and 5 to the aforementioned route.

NOW THEREFORE, also be it resolved that the Board of the Wilmington Urban Area Metropolitan Planning Organization hereby requests that the North Carolina Department of Transportation create a process to re-analyze designated Bicycling Highways statewide.
ADOPTED at a regular meeting Wilmington Urban Area Metropolitan Planning Organization’s Board on February 22, 2017.

MEMORANDUM

TO: TCC members

FROM: Mike Kozlosky, Executive Director

DATE: February 1, 2017

SUBJECT: Remaining STBGP-DA and TASA-DA Balance

As discussed at the January Board meeting, the MPO has $2,809,338 available for award in the 2017 Surface Transportation Block Grant Program-Direct Attributable (STBGP-DA) and Transportation Alternatives Set Aside- Direct Attributable (TASA-DA) programs; however, only $1,297,776 was requested in the FY 2017 Call for Projects. This leaves a total of $1,511,562 in un-allocated funds. A goal of the organization is to ensure the utilization of these funds on an annual basis. Staff has identified several options below in which these funds could be utilized by the Board:

A. Hold in Reserve which would allow the member jurisdictions to request additional federal dollars towards their existing projects
   It has been brought to staff’s attention that many of the existing Surface Transportation Program- Direct Attributable and Transportation Alternatives Program- Direct Attributable projects are likely to be under-funded based upon current construction cost estimates and un-anticipated charges. At this point, it is estimated that the total federal match balance needed to address this shortfall is between $1 million and $1.5 million. Holding these funds in reserve would allow the members to tap into these federal funds for these anticipated cost overruns.

B. Open up a second call for projects to interested member jurisdictions
   The Wilmington Urban Area MPO issued a call for projects in September 2016 with submittals due in November 2016. The MPO received 4 submittals and awarded funds to each of these projects. A second call for projects would make these funds available to our members for project development and implementation. If a second call is desired by the Board, discussions would need to take place with our members to determine if there is sufficient staff capacity to manage these additional projects. The Board would also need to determine whether members which have already been awarded funds in 2017 could apply for additional projects.
C. Contact NCDOT to gauge interest in utilizing funds or to offset funding shortfalls on NCDOT STIP projects in the region

There are a number of roadway projects that are being managed by the North Carolina Department of Transportation in our region. One option is to provide funding directly to the Department to be utilized on their projects or to cover un-anticipated shortfalls. If this is the desired use of these funds, additional discussions would need to take place between the MPO and NCDOT to determine which projects these funds could be allocated to in our MPO boundary.

D. Flex funding for the purchase of buses for the Cape Fear Public Transportation Authority

Another potential use would be to flex these funds to the Federal Transit Administration (FTA) for the replacement of Cape Fear Public Transportation Authority buses. The Authority could utilize $1,488,000 in funding for the purchase of four CNG buses to be used throughout the region. Under this proposal by the Authority, a 20% local match in the amount of $372,000 could be provided by the City of Wilmington and UNCW. Additional matching assistance would also be sought from NCDOT. The purchase of the buses could occur as soon as the funds are flexed from FHWA to FTA, and the maximum delivery time of the buses is no more than 365 days under the current contract with the manufacturer.

E. Provide funding to determine the Least Environmentally Damaging Practical Alternative (LEDPA) for the Cape Fear Crossing

The North Carolina Department of Transportation continues work on the environmental document for the Cape Fear Crossing project. The Department plans to present to the MPO Board in March and Merger Team in April in hopes of receiving approval on Concurrence Point 2A (Bridging Decisions and Alignment Review). Since the project did not receive funding through the most recent round of prioritization, the Department has proposed to cease work on the study following approval of this step. The estimated cost to continue from Concurrence Point 2A to Concurrence Point 3-Least Environmentally Damaging Practical Alternative (LEDPA) is $1.8 million. Providing these remaining funds to this project would carry the current study past Concurrence Point 2A to the LEDPA. This will result in obtaining the final selection for the corridor and the draft environmental report. This option is consistent with the priorities that the Board has identified as part of the strategic business plan.

Staff is seeking direction from the Board regarding interest in pursuing one and/or a combination of these options, or any other options that may be desired by the Board.

SUBJECT: WMPO Prioritization 5.0 Projects to Investigate through Pre-Submittal Process

The North Carolina Department of Transportation (NCDOT) Strategic Prioritization Office of Transportation (SPOT) released a schedule outlining the Prioritization 5.0 (P 5.0) process. The P 5.0 Process will include a pre-submittal window in March 2017 to allow MPOs, RPOs and Division Engineers to test aspects of project scoring before the final P 5.0 submittal. The details of the pre-submittal process have not yet been finalized, but WMPO Staff has prepared a list of potential projects to test by mode during this P 5.0 pre-submittal window as opportunities arise. It is important to note that the pre-submittal procedures have not yet been released by NCDOT and the WMPO’s ability to test potential projects may be limited by the finalized pre-submittal procedures. The projects in the list below encompass staff’s proposal of anticipated new project submittals appropriate for testing as allowed in the finalized pre-submittal process:

Roadway
1. R-4 Castle Hayne Road Widening (US74/MLK Jr. Parkway to Holly Shelter Road)
2. R-6 Gordon Road Widening (NC132 Interchange to US17BUS/Market Street)
3. R-33 Kerr Avenue Widening (Patrick Avenue to Wrightsville Avenue)
4. R-34 Old Fayetteville Road Widening (Village Road to US74/76/Andrew Jackson Highway)
5. R-35 N 23rd Street Widening (NC133/Castle Hayne Road to US74/MLK Jr. Parkway)
6. R-36 NC210 Improvements (NC210/Island Creek Road to US17)
7. R-39 Country Club/Doral Drive and Sloop Point Loop Road
8. R-40 Kerr Avenue Extension (Wrightsville Avenue to US76/Oleander Drive)
9. R-41 I-74 Upgrade (US17/74/76 to WMPO Boundary)
10. R-43 Front Street and Carolina Beach Road Intersection
11. R-44 Old Fayetteville Road Interchange
12. R-46 Greenville Avenue & Oleander Drive Intersection
13. R-47 Shipyard Boulevard Access Management (US421/Carolina Beach Road to Rutledge Drive)
14. R-50 Burnett Boulevard Widening (US421/Carolina Beach Road to Myers Street)
15. R-52 US17 to NC133 Connection (US17 to NC133)
16. R-53 NC133 River Road Widening (US17/74/76 to Rabon Way SE)
17. R-55 Magnolia Drive Extension (Mount Misery Road to Old Mill Road)
18. R-57 River Road Widening (Independence Boulevard to US421/Carolina Beach Road)
19. R-58 Cape Fear River Crossing* (US17/Andrew Jackson Highway to US421/Carolina Beach Road)

*If feasible through NCDOT SPOT pre-submittal procedures, staff intends to evaluate both the options of a new location project and a project to upgrade existing facilities.

Cape Fear Crossing
STIP U-4738
Brunswick and New Hanover Counties

PROJECT STATUS REPORT
January 31, 2017

Project Description
The Cape Fear Crossing project is proposed as a roadway extending from the vicinity of US 17 Bypass and I-140 in Brunswick County to US 421 in New Hanover County, including a crossing of the Cape Fear River. The project is programmed in the approved 2016-2025 and draft 2017-2027 STIP for planning and environmental studies only using STPDA funding from the Wilmington MPO.

The following list includes tasks during the month of January:

Current Activities
- The project team continues to coordinate and correspond with project stakeholders.
- Studies for the Traffic Noise Analysis and Air Quality Analysis are ongoing.
- An update to the Draft Natural Resources Technical Report is ongoing.
- The Draft Sea Level Rise Assessment is under review by NCDOT.
- The Draft Archaeological Predictive Model Update is under review by NCDOT.
- Right-of-Way cost estimates and relocation reports have been initiated.
- NCDOT is currently evaluating an additional alternative proposed by the WMPO near the Port of Wilmington. There are currently 12 alternatives being designed and evaluated for inclusion in the draft environmental document. NCDOT is coordinating with the NCSPA regarding this alternative; if it is determined this alternative is reasonable, studies may need to be redone to include this alternative.

Upcoming Activities
- The project team will provide the State Historic Preservation Office with additional information regarding impacts to various resources to finalize the Section 106 effect calls.
- The project team will plan to present the status of the project to the WMPO TAC in March 2017 before holding the next NEPA/Section 404 Merger Team Meeting.

Past Activities
- The project team held the Section 106 Effects meeting with the State Historic Preservation Office and Federal Highway Administration on 12/08/2016.
- The NEPA/Section 404 Merger Team reached Concurrence Point 1 – “Purpose and Need and Study Area Defined” on 12/12/2013.
- The NEPA/Section 404 Merger Team reached Concurrence Point 2 – “Detailed Study Alternatives Carried Forward” on 2/10/2014.
- Technical documents that have been finalized are available on the project website under “Project Documents.”

17TH STREET STREETSCAPE
Project Descriptions/Scope: The 17th Street streetscape project will include upgrades to 17th Street between Wrightsville Avenue and Princess Place Drive. The project will provide for a more efficient transportation system by reduced travel speeds, removal of the lateral shift, improved pedestrian crossings, improved safety and enhance the aesthetics of the area. The project may also include aesthetic improvements that will enhance the entryway into Carolina Heights and provide a pocket park. The project had a bid opening on March 3rd. The City awarded the construction contract to Lanier Construction on June 21st. Construction began on August 22nd. Construction is on-going and anticipated to last 9 months.

Next Steps:
- Complete construction of the improvements

GULCH GREENWAY MASTER PLAN
Project Description/Scope: Create a master plan to guide the development of a section of trail located in the former railroad bed between 3rd and McRae Streets in downtown Wilmington. This section of trail is identified in the Wilmington/New Hanover County Comprehensive Greenway Plan as part of the top-ranked “Downtown Trail”. A lease for the right-of-way for this section of future trail has been authorized through SB174. The master plan will utilize broad community and stakeholder engagement to lay out a conceptual design towards successful funding and construction of this project. This plan is being created through a joint effort between the Wilmington MPO, NCDOT, City of Wilmington, and the Cape Fear Public Transportation Authority.

Next Steps:
- Implement the Public Outreach Plan to develop public engagement/marketing tools to include a project website, a PowerPoint template, and other marketing materials
- Officially launch the project and engage the public/stakeholders in the development of the plan
- Finalize existing conditions analysis work to inform the development of the trail’s conceptual design

MAYOR’S RAIL RE-ALIGNMENT TASK FORCE
Project Description/Scope: The City of Wilmington has appointed a Mayor’s Task Force to evaluate the feasibility of re-aligning the rail line that currently traverses the City of Wilmington and potentially re-purpose this rail line for another use. This project is jointly funded by the City of Wilmington, North Carolina Department of Transportation and Wilmington MPO. Moffatt & Nichol is completing the study. The draft Physical Conditions, Socio-economic Conditions, Financial Conditions and Legal Conditions reports have been reviewed and comments have been provided to the consultant.

Next Steps:
- The consultant is currently evaluating potential rail alignments and preparing the draft Engineering Analysis, Environmental Analysis and Financial Analysis reports.
- Prepare the implementation schedule, cost/benefit analysis and executive summary
- Host public meetings on February 20th and February 22nd
**METROPOLITAN TRANSPORTATION PLAN**

**Project Description/Scope:** Update the Federally-mandated Metropolitan Transportation Plan/Long-Range Transportation Plan for the Wilmington Urban Area Metropolitan Planning Organization. The plan was adopted by all Wilmington Urban Area Metropolitan Planning Organization member jurisdictions and the WMPO Board. The MPO is developing the 2017-2021 Strategic Business Plan in an effort to implement the MTP. Consensus of the Board was to move forward with formal approval at the February meeting.

**Next Steps:**
- Seek formal Board approval at the February 22nd meeting

**ON-CALL PLANNING STUDIES**

**Project Description/Scope:** The Wilmington Urban Area MPO will be utilizing on-call consultants to assist with special studies. The MPO solicited proposals and received 15 responses for these planning services. The MPO has selected 4 firms. These firms will be used to complete long-range planning studies to include the Leland Street design manual and northern New Hanover County Collector Street Plan funded in the current fiscal year and future planning projects funded by the MPO in the Unified Planning Work Program.

**Next Steps:**
- Select Firms to complete the Leland Street Design Manual and northern New Hanover Collector Street Plan

**SITE DEVELOPMENT REVIEW**

**Project Descriptions/Scope:** The Wilmington MPO assists with site development and transportation impact analysis review for the MPO’s member jurisdictions. During the last month, staff has reviewed the following development proposals:

TRANSPORTATION DEMAND MANAGEMENT PROGRAM

Project Description/Scope: UNCW is taking the role as lead employer for the Cape Fear region. The WMPO will coordinate with UNCW to work with other major employers in the region to identify opportunities for public outreach, marketing, carpooling, vanpooling, alternative/compressed work schedules, Emergency Guaranteed Ride Home, park and ride lots, etc. The MPO established 2 park and ride lots in Brunswick County and a ridesharing program that began on January 5, 2015. The MPO adopted “Work Cape Fear: Expanding Commuter Options in the Cape Fear Region” TDM Short Range Plan on January 28, 2015 and also authorized staff to apply for a TDM grant through NCDOT that if approved would fund a full-time TDM Coordinator position. The Agreement with NCDOT for the full-time TDM Coordinator position was approved on November 4, 2015. The Wilmington MPO has hired a full-time TDM Coordinator. Pulsar is continuing to develop branding materials for the TDM program.

Next Steps:
• Continue regularly scheduled TDM Committee meetings
• Meet with TDM Committee and Pulsar to review proposed branding materials
• Partner with K-12 schools in WMPO jurisdiction to provide carpool opportunities to parents
• Partner with UNCW to explore carpool matching options and guaranteed ride home strategies
• Coordinate with employers to implement 2 additional vanpool programs and potential Park & Ride lot locations
• Coordinate bike share presentations for interested employers
Cape Fear Public Transportation Authority  
Project Update  
February 2017

GENERAL AUTHORITY PROJECTS
1. **Bus fleet replacement** - (no significant change) identifying state and federal funding opportunities to replace ten thirty-five foot buses and two trolleys. The Authority continues to seek federal funding for replacement buses.

2. **Short Range Transportation Plan** - (no significant change) following adoption of Cape Fear Transportation 2040 by the Wilmington Metropolitan Planning Organization (WMPO), Wave Transit is preparing to begin its latest short range plan. The plan will set a course for public transportation initiatives, route structure and revenue programming for the next five years. The plan will also include a financial element to ensure that transit programs are compliant with FTA rules and regulations. Under the direction of the Authority’s Operations and Planning Committee made up of Board members, staff, WMPO staff, passengers, interested citizens, and professional transit planning consultants, the 9 - 12 month plan is an important tool in identifying and quantifying the public transportation needs of the community. Marketing, public relations and community support for financing transit in Southeastern North Carolina will also be a focus of the plan. A key component of the plan will be extensive surveying to assess the needs of current and prospective passengers. An RFP for consulting services to undertake the plan was issued November 01, 2016. Proposals are being evaluated with an expected award on February 26, 2017.

3. **Long Term Funding** - (no significant change) currently, the Authority does not have a dedicated source of local funding. An initiative to analyze long term revenue stability of Wave Transit has also been proposed by the City of Wilmington. This effort is critical to the long term financial health of the Authority. Strategies to meet future revenue requirements will be identified during SRTP development. The Authority has drafted a short range financial plan which was adopted on January 26, 2017. A copy of the plan will be issued to members of the WMPO Board.

4. **Shelter Program** - (no significant change) a program to replace and add up to 50 bus shelters and 25 benches at bus stops is underway. Construction of the first five shelters is complete. Construction of an additional three shelters is nearing completion. Phase two, consisting of 12 shelters and 15 benches is expected to begin in March 2017. Phase three consisting of three super stops at Independence Mall, Hanover Center, and Monkey Junction is in the engineering and permitting phase.

WMPO SPONSORED PROJECTS
1. **Pleasure Island Special Appropriation** - an STBGP-DA transfer was approved by the WMPO in 2016 for $75,000 to support Wave Transit route 301. The process of flexing the funds from FHWA to FTA is in process and expected to be complete in the first quarter of calendar 2017.
2. **Wilmington Multimodal Transportation Center** - An Interlocal Agreement between Authority, City of Wilmington, WMPO, and NCDOT has been executed. Demolition of Haul building is complete. The NEPA document has been submitted and approved by FTA making the project eligible for federal funding. Thanks to generous support from the WMPO, STP-DA funding in the amount of $2,400,000 has been flexed by FHWA to FTA for the project and a formal grant with FTA has been submitted. Approval of the grant application is expected in the first quarter of calendar 2017. The real property transfer is complete. A contract with HR Associates for stabilization construction management and design of the renovations to the Neuwirth Motors and Thomas Grocery buildings has been executed. Due to issues with the original stabilization design under contract to NCDOT, stabilization design and engineering will need full revision. A Task Order in the amount of $54,900 has been issued by the Authority to HR Associates of Wilmington for stabilization redesign. Stabilization redesign is expected to take four to five weeks. Stabilization construction has been moved to spring 2017 for completion in summer/fall 2017. Renovation of the Neuwirth Building expected to commence fall 2017 with completion early in 2018.

3. **Preventive Maintenance & ADA** - STP-DA funding in the amount of $350,000 for preventive maintenance and ADA service throughout the region was approved by the WMPO in 2016. The process of flexing the funds from FHWA to FTA is in process and expected to be complete in the first quarter of calendar 2017. The funds will assist the Authority in maintaining its fleet of fixed route buses and FTA funded facilities to meet the FTA *State of Good Repair Requirement*. The preventive maintenance funding will ensure that Wave Transit vehicles are safe, reliable, and provide a positive and comfortable experience on Wave Transit routes throughout the region. Americans with Disabilities Act (ADA) compliance utilized under the funding will be used to offset the cost of providing complementary ADA service for passengers unable to access Wave Transit fixed routes. Paratransit services provided under the WMPO authorized funding include specialized origin to destination van service. In December 2016 the Authority provided 1,674 ADA passenger trips. The period of performance for the project is 07/01/2016 through 06/30/2017.

4. **Preventive Maintenance & ADA** - STBGP-DA funding in the amount of $510,778 for preventive maintenance and ADA service throughout the region was approved by the WMPO in 2016. The process of flexing the funds from FHWA to FTA is in process and expected to be complete in the second quarter of calendar 2017. The funds will assist the Authority in maintaining its fleet of fixed route buses and FTA funded facilities to meet the FTA *State of Good Repair Requirement*. The preventive maintenance funding will ensure that Wave Transit vehicles are safe, reliable, and provide a positive and comfortable experience on Wave Transit routes throughout the region. Americans with Disabilities Act (ADA) compliance utilized under the funding will be used to offset the cost of providing complementary ADA service for passengers unable to access Wave Transit fixed routes. Paratransit services provided under the WMPO authorized funding include specialized origin to destination van service. The period of performance for the project is 07/01/2017 through 06/30/2018.
