Public Comment Period

Ms. Laura Trivett, former president of the Carolina Place/Ardmore HOA, spoke to the Board and requested a HAWK beacon at the intersection of 21st and Market Streets. She expressed concerns regarding the current lack of safety in crossing the road at this location and read two e-mails from present and former residents expressing similar concerns.

Ms. Lynn McIntyre spoke to the Board and expressed concerns regarding solar farms in the inner city. Mr. Piepmeyer advised her that this meeting is an inappropriate forum for the topic.
Mr. Kozlosky introduced Mike Alford, newly appointed representative of the NC Board of Transportation. Mr. Alford expressed appreciation and gave the Board a brief overview of his professional background.

Mr. Kozlosky also acknowledged the presence of two alternate members serving today: Councilmember LeAnn Pierce from the Town Carolina Beach and Mayor Brenda Bozeman, representing the Town of Leland.

6. **Presentation**
   a. **Military Cutoff Road Extension – Kevin Bowen, NCDOT**

   Mr. Bowen gave an update on the Military Cutoff Road Extension Project. He displayed a map with ties to the US 17 Wilmington Bypass and alignment with the Hampstead Bypass coming in July of 2020. He noted that the Military Cutoff Road Extension is a $95.5 million project for six lanes of new location, which began in January of this year and is due for completion in four years (2021). He added that access will be full at two interchanges (Market Street and US 17 Wilmington Bypass) and some limited control of right turn accesses and directional crossovers at Putnam Drive, Lendire Road and Torchwood Boulevard.

   Mr. Bowen stated that a typical six-lane divided section from Market Street to one mile north of Torchwood will be curb and gutter with a raised grass median, and multi-use path and sidewalks. He noted that beyond one mile north of Torchwood towards the US 17 Wilmington Bypass, the typical section transitions to a shoulder with ditches. He gave a progress report on the project, which has been impacted somewhat by the weather. He added that 1.9 million cubic yards or 160,000 truckloads of excavated dirt from the north side will be expedited by a conveyor system bridging the Bypass rather than by truck. He noted that utility relocations have also been a challenge.

   Mr. Watkins expressed concerns regarding the visibility of traffic to residential neighbors. He suggested that vegetation be used as a buffer.

   Ms. Collette stated that residents seemed to have been satisfied with that suggestion.

   Mr. Bowen commented that residents were allowed to add plantings to fill in some of the gaps. He displayed photos of the initial work on the project, and examples of a conveyor system similar to the one on site. Currently, a portable concrete barrier is in place to facilitate work on ramps. In addition, work is in progress to connect the multi-use path from Ogden Park Drive to Market Street and Lendire Road.

   Mr. Watkins requested an update on improvements to Lendire Road to accommodate the additional traffic.

   Mr. Piepmeyer inquired about drainage pertaining to the southern bypass. Mr. Bowen responded that the ponds will be edged with a rock embankment. He noted that DOT is working closely with the developer, who is bringing the ponds to a standard to meet their permitting requirements. He added that drainage from the project is being handled independently from the ponds.

   Mr. Barfield inquired about the anticipated Level of Service (LOS) for Market Street. Mr. Bowen responded that he will forward that information when he has access to it.
Mr. Bowen stated that the missing gap in the multi-use path is anticipated to be filled by a shared utility easement. He noted that DOT is in negotiations with the contractor, Balfour Beatty, to haul most of the dirt now in order to avoid conflicts with work on the Hampstead Bypass, Section A, which overlaps this project.

Mr. Bowen gave a brief update on the Cape Fear Memorial Bridge HVB (High Value Bridge) Project. He reported that the project is on schedule. He noted that the Port expressed concerns regarding traffic congestion and safety of the anticipated two-week full bridge closure and planned detour of 22,000 to 23,000 trucks per month to Martin Luther King Jr. Boulevard, College Road, and Oleander Drive to the Port. Although completion will take longer, the work will be done instead during 24 nightly closures (9:00 p.m.-5:00 a.m., Sunday through Thursday, plus two full weekend closures) within a 50-day window starting September 18th. He added that the contractor (PCL) is not anticipated to take all of the additional 42 allowable bridge closures included in the contract. He noted that traffic will have to contend with a rough surface from milling.

In response to an inquiry by Mr. Williams, Mr. Bowen stated that DOT will distribute a press release regarding closures.

She added that the model ordinance is intended as a fully adaptable resource for any jurisdiction interested in amending its code to include bicycle parking standards.

   Ms. Lorenzo stated that the ordinance is designed to accommodate all jurisdictions, from urban to rural (less populated ones). She noted that staff is in the process of sifting through the results to provide a full presentation on results in the fall. In addition, staff is also in the process of creating preliminary project lists to be considered by the modal subcommittees. She expressed appreciation to member jurisdictions their efforts in promoting public outreach.

b. 2018 Omnibus Funding
Ms. Kimes stated that the MPO was awarded additional FY 2018 Omnibus funds, which will be unable to be used due to a strict timeline and scope of use. She noted that Ray McIntyre of NCDOT recommended that the funds be used on the Kerr Avenue U-3338C Project for a bridge structure in exchange for less restrictive funds.

Following further consideration, Mr. Anderson made a motion to proceed with the recommendation, seconded by Mr. Watkins and the motion carried unanimously.

c. Letter of Support for the Piedmont-Atlantic Intermodal Rail System Project
Mr. Kozlosky stated that the MPO received a request from NCDOT to support the Consolidated Rail Infrastructure and Safety Improvement Program Grant to the Federal Rail Administration for the Piedmont-Atlantic Intermodal Rail System Project. He noted that this is a regional project with improvements in Union County, Anson County and the City of Wilmington. He added that the project in the City of Wilmington would be to upgrade the beltline.
Mr. Kozlosky reminded members that the Board in June supported a resolution requesting that NCDOT accelerate the beltline improvements. He noted that the project was funded in the Statewide Mobility Tier of the prioritization process for right-of-way in 2025 and construction in 2027. He added that the Ports, this Board and DOT all desire to accelerate the project. He explained that the department requested a letter from the Board to support the grant application to the Federal Rail Administration. (A sample letter was distributed earlier to the Board members.)

Following further discussion, Mr. Williams made a motion to approve the letter of support, seconded by Mr. Barfield and the motion carried unanimously.

Mr. Piepmeyer stated that this project would have no negative impact on any other project.
