

**Allocation of Points (100 points total):**

In the following six (6) sections, you are to identify which points apply to your proposed project. In the event your project contains elements that are not listed, but for which you wish to obtain points, please submit a written justification. For example, upgrading the technology applied to an existing traffic control device or service could be a safety improvement (Section 1), or Capacity improvement (Section 2), or Multi-modal (Section 3) depending upon the application. Feel free to contact the WMPO prior to finalizing your application for further discussion.
