Create and execute continuing, cooperative and comprehensive regional long-range planning efforts that pro-actively drive transportation decisions to improve safety, connectivity, economic development and quality of life in the Wilmington region.

**Wilmington Urban Area Metropolitan Planning Organization
Board
Meeting Agenda**

TO: Wilmington Urban Area MPO Board Members
FROM: Mike Kozlosky, Executive Director
DATE: May 23, 2023
SUBJECT: May 31st meeting

A meeting of the Wilmington Urban Area MPO's Board will be held on Wednesday, May 31, 2023, at 3 pm. The meeting will be held in the 6th Floor Conference Room at 320 Chestnut Street downtown Wilmington. Members of the public, MPO Board Members and MPO Staff can attend the meeting in person and virtually through the Zoom platform. MPO Board member attendance will be subject to the adopted Remote Participation Policy. The meeting will be streamed live online so that simultaneous live audio, and video, if any, of the meeting is available at the following URL:

<https://us06web.zoom.us/j/83969107282>

The public may also dial in and listen to the simultaneous live audio of the remote meeting at the following dial in number: (309) 205-3325 or (312) 626-6799. And when prompted, enter:
Meeting ID: 839 6910 7282

Please join the meeting from your computer, tablet or smartphone.

The following is the agenda for the meeting:

- 1) Call to Order
- 2) Conflict of Interest Statement
- 3) Approval of Board Member Excused Absences
- 4) Approval of the Agenda
- 5) Election of Vice Chairman
- 6) Public Comment Period

Persons wishing to submit a public comment to be shared during the MPO Board meeting may do so by 5 pm on May 30, 2023, by calling (910) 341-3258 to leave a message or by e-mailing comments to wmpo@wilmingtonnc.gov. The public voicemails will be played aloud, and the public comment e-mails will be read aloud by a staff member during the meeting. Per the adopted Public Participation Plan, public comments shall be limited to 3 minutes.

- 7) Closed Session
- 8) Presentations

Wilmington Urban Area Metropolitan Planning Organization

-
- a. North Carolina Department of Transportation Project Update- Chad Kimes, NCDOT
 - b. WMPO/Go Coast Digital Communication Updates- Carolyn Caggia, WMPO
- 9) Consent Agenda
 - a. Approval of Board Meeting Minutes from March 29, 2023 (p. 3-10)
 - b. Resolution approving 2020-2029 STIP/MPO Amendment #23-2 (p.11-12)
 - c. Opening of the 30-day Public Comment Period for 2020-2029 STIP/MPO Amendment #23-3 (p. 13)
 - 10) Regular Agenda
 - a. Resolution approving the WMPO FY 24 Direct Attributable Project Submittal Guidelines and Scoring Criteria (p. 14-26)
 - b. Resolution approving NCDOT Funding Swaps for Federal August Redistribution (p.27-55)
 - 11) Discussion
 - a. 2020-2029 STIP/MPO Transportation Improvement Program Administrative Modifications #23-3 (p. 56-57)
 - b. Final Draft 2024-2033 State Transportation Improvement Program and Project Changes (p. 58-63)
 - c. NCDOT Prioritization 7.0 Update (p. 64-66)
 - d. 2020 Urbanized Area (UZA) Census Data- Organizational Boundaries, Structure, and Governance
 - 12) Updates
 - a. Wilmington Urban Area MPO (p. 67-77)
 - b. Cape Fear Public Transportation Authority (p. 78-79)
 - c. NCDOT Division (p. 80-83)
 - d. NCDOT Transportation Planning Division (p. 84-85)
 - 13) Announcements
 - a. WMPO Bike/Pedestrian Committee meeting- June 13th
 - 14) Next meeting – June 28, 2023

MPO Board Regular Meeting Minutes

Monday, March 29, 2023

6th Floor Training Conference Room, 320 Chestnut Street, Wilmington, North Carolina

Members Present in Person

Mike Allen, Town of Belville
Neil Anderson, City of Wilmington
Lynn Barbee, Town of Carolina Beach
Jonathan Barfield, New Hanover County
Brenda Bozeman, Town of Leland
John Ellen, Town of Kure Beach
Mike Forte, Brunswick County
Hank Miller, Town of Wrightsville Beach
Luke Waddell, City of Wilmington
Eulis Willis, Town of Navassa
Landon Zimmer, NC Board of Transportation

Others Present Remotely

Veronica Carter, Town of Leland
Kim Crouch
Jamar Johnson, WMPO
Vanessa Lacer, Town of Leland
Scott Lane
Bill Marley, FHWA
Bill McDow, WMPO
Karen McIntyre
Marie Parker, Wave Transit
Nazia Sarder, NCDOT

Others Present in Person

Carolyn Caggia, WMPO
Nikki Cooper, Law Office of
Matt Nichols
Adrienne Cox, NCDOT
Regina Hopkins, WMPO
Scott James, WMPO
Chad Kimes, NCDOT
Mike Kozlosky, WMPO
Rebekah LaCoe, New Hanover County
Abby Lorenzo, WMPO
Caitlin Marks, NCDOT
Rachel McIntyre, WMPO
Matthew Nichols, WMPO Attorney
Greer Shivers, WMPO
Emma Stogner, WMPO

1) Call to Order

Chairman Hank Miller called the meeting to order at 3:00 PM. A quorum was present, all in-person. No roll call was necessary.

2) Conflict of Interest Statement

Chairman Miller read the conflict-of-interest statement and asked if any Board member had a conflict of interest. No Board member reported having a conflict of interest.

3) Approval of Board Member Excused Absences

Mr. Kozlosky said that Wendy Fletcher Hardee and Landon Zimmer have requested to be excused from today's meeting. Mr. Ellen made a motion to excuse Ms. Hardee and Mr. Zimmer, seconded by Mr. Anderson, and the motion carried unanimously.

4) Approval of the Agenda

Mr. Barbee requested to amend the agenda. He said that the Town of Carolina Beach is in the process of developing a grant application for a bicycle and pedestrian plan and needs a resolution of support from the MPO, which was distributed to Board members, but not in time to be placed on the agenda.

Mr. Barbee made a motion to approve the agenda as amended, seconded by Mr. Anderson, and the motion carried unanimously.

Chairman Miller acknowledged the unexpected passing of Vice Chair Hays. A moment of silence was observed in honor of Ms. Hays.

5) Public Comment Period

Mr. Kozlosky said that no public comments were received and no one from the public signed up to speak.

6) Closed Session

Chairman Miller made a motion to hold a closed session pursuant to North Carolina General Statute (NCGS) Sections 143-318.11(a)(5) and (a)(6) to consider the qualifications, competence, performance, character, fitness, or conditions of appointment of individual public officers or employees, and to establish or instruct staff or agents concerning the negotiations of the amount of compensation or other material terms of an employment contract. Ms. Bozeman seconded the motion and it carried unanimously.

The meeting recessed for a closed session.

The meeting reconvened open session with all MPO Board members present as before. No action was taken.

7) Presentations

a. NC Alliance for Safe Transportation- Kim Crouch, NCAST

Kim Crouch, Executive Director, NC Alliance for Safe Transportation (NCAST), gave a presentation on the recently established non-profit to draw attention to traffic safety through marketing and educational communications. She noted that NCAST has received corporate and start-up grant funding through the Governor's Highway Safety Program. She added that the alliance's goal is to reduce the number of transportation related crashes, injuries and fatalities in North Carolina starting with soliciting feedback from communities across the state regarding traffic safety needs. She invited MPO member jurisdictions to participate in an informal discussion about traffic safety at a date yet to be determined.

Ms. Crouch said that NCAST is guided by a small board of seven members and has a robust advisory council that will meet once or twice a year. She encouraged membership in the advisory council. She noted that NCAST will begin by targeting seven counties including New Hanover County. She provided her contact information, telephone number (919) 349-9476 and email (kim@ncallianceforsafetransportation.org).

In response to an inquiry by Mr. Barbee, Ms. Crouch said that the traffic safety topic is very broad, which is why NCAST is seeking feedback to help focus its messages.

Mr. Kozlosky said that since New Hanover County is one of NCAST's focus areas, staff will arrange a small group meeting to facilitate conversations to discuss safety concerns in New Hanover County. Ms. Crouch offered to expand the focus to include the other MPO jurisdictions. Mr. Forte asked about including the RPO and Mr. Kozlosky responded that staff would investigate it.

b. 2022 Congestion Management Process- Rachel McIntyre, WMPO

Mr. Kozlosky acknowledged that this would be Ms. McIntyre's final presentation as she will be transitioning from the WMPO to the City of Wilmington's Engineering Department.

Ms. McIntyre gave an update on the 2022 Congestion Management Process (CMP). She provided brief background information and noted that changes to the CMP since 2020 include analyzing corridors from two perspectives (travel time reliability and multimodal) and the addition of three corridors, bringing the total number of corridors to 33. She added that regional goals and objectives, performance measures and metrics were carried over from the 2020 report to serve as a baseline for comparison. She reported that Volume/Capacity decreased for 18 corridors and increased for 12 corridors. Other trends include decreases in AM and PM delay rates, transit (stops and ridership), and bicycle and pedestrian crashes, and increases in travel time reliability, vehicular crashes, and truck volumes.

Ms. McIntyre said that since congestion management strategies help inform the next Metropolitan Transportation Plan (MTP), staff determined that it would be beneficial to prepare CMP Biennial Data Reports every five years in between MTP updates, rather than biennially, because changes over two years are minimal, and the nature of roadway improvement projects is long-term.

A brief question answer and discussion period was held regarding the data and the impacts of the COVID pandemic. Ms. Lorenzo noted that the completion of the report has been delayed until data from 2021 was available. Mr. Ellen suggested that the final report be made available to NCAST.

Mr. Barfield expressed concerns regarding speeding in the College Road corridor from Wilshire Boulevard to Pinecliff Drive. He suggested some signage. Mr. Kimes said NCDOT would consider it.

Ms. Bozeman expressed concerns regarding the lack of rating on corridors in northern Brunswick County. Ms. McIntyre responded that only the top and bottom rated corridors were reported in the presentation.

c. Cape Fear Public Transportation Authority Ridership- Marie Parker, CFPTA

Wave Transit Deputy Director Jon Dodson gave an update on ridership comparing Wave Transit's routes year-over-year, from July through December. He said that system changes made last July for some routes

increased frequency, redistributed others, altered weekend hours of service, and added seasonal schedules, have improved service. He provided an overview of the impact of the changes for the last six months of FY23 compared to the last six months of FY22 for each route type. Mr. Dodson summarized that the changes have contributed to incremental increases, and speculated that ridership would continue to grow, especially with changes toward increased efficiency and with the implementation of Wave Transit's short-range plan.

d. 2023 "Be A Looker" Campaign- Carolyn Caggia, WMPO

WMPO Associate Transportation Planner Carolyn Caggia gave a brief presentation on the 2023 "Be A Looker" Campaign, a biennial safety campaign for all road users -- drivers, bicyclists, and pedestrians. She noted that according to NCDOT data within a five-year period in the three-county area, there was an average of 90 pedestrian crashes with 12 deaths, and 59 bicycle crashes with four deaths. She added that fatal and suspected serious injury pedestrian crashes doubled over a 10-year period.

Mr. Forte noted that the population has doubled in the last 10 years, and that the population in Brunswick County has increased by 42,000 in the last six years. Ms. Caggia responded that more people are also driving larger vehicles. She offered to share the research in a memo and emphasized that more serious crashes are occurring rather than more crashes.

Mr. Ellen pointed out that other crashes are occurring than those reported, such as one that he experienced.

Mr. Barfield commented that NCDOT needs to "Be A Looker" too.

Ms. Caggia gave some brief background on the campaign. She noted that this year marketing and outreach will run from April to October. She gave an overview of safety messaging for different road user categories.

Mr. Ellen said that bicyclists should also be encouraged to be visible.

Ms. Caggia encouraged members to visit the www.GoCoastNC.org website for more information and a pledge form to participate in the campaign.

Mr. Barbee said that many elementary school students ride their bikes to school in Carolina Beach. He requested staff to reach out to Carolina Beach schools.

Ms. Caggia noted that the MPO has applied to receive 100 helmets through NCDOT's bicycle helmet initiative for low-income children, which could be tied to "Be A Looker" Campaign outreach. Mr. Barbee added that the helmets could also be tied to improved visibility.

e. FHWA/FTA 2023 Certification Review- Bill Marley, FHWA

Federal Highway Administration (FHWA) Transportation Planner Bill Marley gave an overview of the FHWA/FTA 2023 Certification Review of the MPO. He said that FHWA recertified the Wilmington MPO

planning process, and that the certification is good for four years from the date of the report (February 23, 2023). He gave some background on the certification review process. He commented that the MPO review was a successful one with no corrective actions.

Mr. Marley reported that the MPO was given two commendations, one for its Citizens Advisory Committee to assist with the MTP update, and the other for providing a Title VI impact analysis map for scoring projects in environmental justice communities of concern. He noted that the MPO also received two recommendations for quantifiable measurables, one for Title VI, and the other for strategic deployable of Intelligent Transportation Systems/ITS architecture. He added that all MPOs self-certify, only the larger ones are subject to the FHWA/FTA certification review.

8) Consent Agenda

- a. **Approval of Board Meeting Minutes from February 20, 2023**
- b. **Resolution adopting the 2022 Congestion Management Process Biennial Data Report**
- c. **Resolution adopting the Town of Navassa Bicycle and Pedestrian Plan**
- d. **Resolution supporting the North Carolina Department of Transportation's submission of the rail corridor between Wilmington and Raleigh for the Federal Railroad Administration's Corridor Identification and Development Program**
- e. **Resolution approving 2020-2029 STIP/MPO Amendment #23-1**
- f. **Resolution approving 2020-2029 STIP/MPO Administrative Modification #23-2**
- g. **Opening of the 30-day Public Comment Period for 2020-2029 STIP/MPO Amendment #23-2**

Mr. Ellen made a motion to approve the Consent Agenda as presented, seconded by Mr. Waddell, and the motion carried unanimously.

9) Regular Agenda

- a. **Resolution approving Amendment #3 to the FY 23 Unified Planning Work Program**

MPO Deputy Director Abby Lorenzo said that this item would amend the current Unified Planning Work Program (UPWP). She noted that the proposed changes allocate funds to accommodate anticipated planning activities for the remainder of FY23.

Mr. Waddell asked about the IJIA consultant. Mr. Kozlosky responded that the consultant is included in the agenda item following this one.

Mr. Barfield made a motion to approve Amendment #3 to the FY23 UPWP, seconded by Mr. Ellen, and the motion carried unanimously.

- b. **Resolution approving the FY 24 Unified Planning Work Program for the Wilmington Urban Area Metropolitan Planning Organization**

Ms. Lorenzo said that a memo detailing changes to the FY24 Unified Planning Work Program (UPWP) has been included in the agenda packet to reflect some additional information received regarding funding. She noted that no public comments were received.

Mr. Waddell requested that the Board be reflected in the recommended organizational chart. Mr. Kozlosky responded that the revision would be made.

Mr. Ellen made a motion to approve the FY24 UPWP as amended, seconded Vice Ms. Bozeman, and the motion carried unanimously.

c. Resolution certifying the Wilmington Urban Area Metropolitan Planning Organization's Transportation Planning Process

Mr. Kozlosky said that as part of the UPWP, the MPO is required to recertify its Transportation Planning Process.

Mr. Ellen made a motion to certify the WMPO's Transportation Planning Process, seconded by Mr. Forte, and the motion carried unanimously.

d. Resolution requesting the North Carolina Department of Transportation explore alternative design options for the College Road and Oleander Drive Improvements

Mr. Kozlosky said that based on discussion at the Board's last meeting regarding potential project swaps, staff heard the Board's desire for NCDOT to re-investigate the preferred alternative at the intersection of College Road and Oleander Drive. He noted that this resolution would request the Department to explore alternative design options for improvements at this intersection.

Mr. Anderson made a motion to request NCDOT explore alternative design options for the College Road and Oleander Drive intersection improvements, seconded by Mr. Waddell.

Chairman Miller noted that the last text message he received from Vice Chair Hays asked to reopen consideration about the design options for this intersection.

The motion carried unanimously.

e. Resolution supporting the Town of Carolina Beach's submission for a Bicycle and Pedestrian Planning grant from the North Carolina Department of Transportation

Mr. Forte made a motion to approve supporting the submission, seconded by Mr. Anderson, and the motion carried unanimously.

10) Discussion

a. 2020 Urbanized Area (UA) Census Data- Organizational Boundaries, Structure, and Governance

Mr. Kozlosky reminded Board members that additional discussion was held at the last Board meeting regarding a potential boundary expansion, which resulted in this item returning for discussion. Although no additional information is being provided, he requested guidance and permission to see if there is interest in either northeastern Pender County, Surf City, or Topsail Beach, as well as portions of Brunswick County joining the MPO, and asked the Board members if there is any desire to expand. He added that the second part of the request is to establish a subcommittee of this Board to continue to evaluate the boundary, the governance, and the structure, and identify appointees.

Mr. Forte said that the RPO has some serious concerns about boundary expansion.

Chairman Miller agreed that it will be necessary to gauge interest. Mr. Kozlosky said that ultimately it comes down to an agreement of the MPO and the prospective jurisdictions. Based on some independent conversations, he noted that Mr. Waddell, Ms. Fletcher-Hardee, Mr. Williams, Mr. Barbee, and Mr. Barfield have expressed an interest in serving on the subcommittee, which will bring back recommendations to the Board for consideration. The subcommittee was established.

b. April MPO Board Meeting

Mr. Kozlosky said that based on anticipated absences, staff proposes to cancel the Board meeting scheduled for April. Mr. Ellen made a motion to cancel the April Board meeting, seconded by Mr. Anderson, and the motion carried unanimously.

11) Updates

a. Wilmington Urban Area MPO

b. Cape Fear Public Transportation Authority

c. NCDOT Division

d. NCDOT Transportation Planning Division

Mr. Kozlosky said that the updates are included in the agenda packet.

Mr. Kozlosky added that staff sent out an email earlier in the week asking for volunteers to participate in a survey from the consultant conducting an organizational assessment of the MPO, and to respond by 5:00 p.m. tomorrow. He requested two or three volunteers in addition to Mr. Ellen to participate in the survey sometime next week.

Additionally, Mr. Kozlosky said that staff asked for appointments to the Citizens' Advisory Committee (CAC) to help develop the Metropolitan Transportation Plan (MTP). He expressed the importance of the appointments in advancing the MTP. He reminded Board members that the MPO received a commendation for having a CAC to develop the plan. He added that the deadline for appointments, one per member, is April 30th. Mr. Kozlosky noted that he would send a reminder to Board members.

Mr. Kimes said that an exciting event regarding the Military Cutoff Extension is anticipated on August 1st.

Regarding the Brunswick County CTP, Ms. Sarder said that NCDOT is preparing for three public involvement sessions in May throughout the county. She noted that a virtual session will also be offered.

12) Announcements

a. NC State Ethics Forms due by April 17, 2023

In response to an inquiry by Ms. Bozeman, Mr. Kozlosky said that he would send out a reminder to those who have not filed state ethics forms yet.

b. River to Sea Ride- May 6, 2023

Mr. Kozlosky announced that pre-registration for the River to Sea Ride reached its cap of 450 within several days of opening. He noted that day-of registration will be also available.

13) Next meeting – May 31, 2023

The meeting adjourned at 4:57 p.m.

Respectfully submitted,

Mike Kozlosky
Executive Director
Wilmington Urban Area Metropolitan Planning Organization

Introduction

The Federal Infrastructure Investment and Jobs Act (IIJA) infrastructure package was signed into law on November 15, 2021, revising and expanding the funds available for qualifying projects. Several elements of the new bill allow for greater flexibility in the application of federal funds to infrastructure projects. The Wilmington Urban Area Metropolitan Planning Organization (WMPO) is the recipient of allocated funds for Surface Transportation Block Grant Program (STBGP) Direct Attributable, Transportation Alternatives Set Aside and Carbon Reduction Efforts in the following amounts for the federal fiscal year of October 1, 2023 thru September 30, 2024:

Direct Attributable (DA): \$4,081,088

Transportation Alternatives Set Aside (TA): \$513,872

Carbon Reduction Efforts (CR): \$492,634

(Note: there is some flexibility with allocation of funds across the above categories.)

The funds will be awarded in a manner similar to past allocations made via the Surface Transportation Block Grant Program – Direct Attributable (STBGP - DA) and amended the provisions contained in 23 U.S.C. 133. STBGP funds have broad latitude for use on metropolitan transportation planning and projects and in support of the Federal-aid system per 23 U.S. C. 133. Specific eligibility criteria and guidance can be found through the Federal Highway Administration (FHWA www.fhwa.dot.gov).

The IIJA funds are available for obligation until September 30, 2026, with any amounts not obligated on or before this date to be returned. Furthermore, the Federal share payable shall be up to 80% percent of qualifying costs. All projects, including public transportation projects, requesting STBGP-DA or TASA-DA or Carbon Reduction funds must submit a formal funding request. A competitive process will be used to determine which projects are funded.

Follows are brief summaries of the three main categories. Additional information is available on the FHWA website for STBGP administration: www.fhwa.dot.gov/specialfunding/stp/)

Surface Transportation Block Grant Program – Direct Attributable (DA)

The Surface Transportation Block Grant Program (STBGP) provides flexible funding that may be used for projects to preserve and improve the conditions and performance on any Federal-aid highway, bridge and tunnel projects on any public road; pedestrian and bicycle infrastructure, and transit capital projects, including intercity bus terminals.

Surface Transportation Block Grant Program – Transportation Alternatives Set Aside (TA)

The Transportation Alternatives Set-Aside (TA) provides funding for a variety of projects such as pedestrian and bicycle facilities; construction of turnouts, overlooks and viewing areas; community improvements such as historic preservation and vegetation management; environmental mitigation related to storm water and habitat connectivity; recreational trails; safe routes to school projects; and vulnerable road user safety assessments.

Surface Transportation Block Grant Program – Carbon Reduction (CR)

The purpose of the Carbon Reduction Program (CR) is to reduce transportation emissions through the development of State carbon reduction strategies and by funding projects designed to reduce transportation emissions.

You may submit any questions or inquiries ahead of the pre-submittal review deadline in order to reserve adequate time to complete your submittal. Final submittals should be digital format (file transfer) with two (2) hard copies for review.

Eligibility Criteria

In order to be eligible for funding, a project must meet the minimum criteria outlined in this section. Also, a completed application must be submitted by the applicant(s). Co-applications may be submitted in a primary applicant and secondary applicant format. *Incomplete applications will not be considered.* These criteria meet federal and state funding requirements, as well as the goals of the WMPO for STBGP- DA/TA/CR dollars as adopted by the Board. *Projects that do not meet these criteria will not be considered for funding.*

1) Federal Aid Eligible Projects

The federal eligibility requirements associated with Surface Transportation Block Grant Program can be found in 23 USC §133 (<https://www.fhwa.dot.gov/specialfunding/stp/160307.cfm>)

2) Locally Administered

The applicants shall be responsible for all federal and state reporting requirements associated with STBGP- DA, TASA-DA or CR funding. The local government entities are also expected to make progress reports to the Board upon request. An inter-local agreement between the North Carolina Department of Transportation (NCDOT) and the designated recipients will outline a reimbursement schedule. Local sponsors will be required to front all project costs, invoice NCDOT, and then receive reimbursement for the project. The WMPO may assist in coordination between NCDOT and the local government entities, however, the ultimate responsibility for the NCDOT agreements remains with the local government entities.

3) Compliant with the adopted MTP/LRTP

Projects must be identified in the WMPO's current and adopted Metropolitan Transportation Plan (MTP)/Long-Range Transportation Plan (LRTP). For this submittal period, the MTP is the Cape Fear Moving Forward 2045 Plan. A copy of the current plan can be found here: <http://wmpo.org/plans/regionwide-plans>.

4) Commitment of local funds

All funds programmed with IIJA dollars require a minimum 20% local match. The funds are payable up to 80% percent of qualifying costs. Local government entities are responsible for funding cost overruns on projects in excess of the final programmed cost estimate. This provision may be reviewed at the discretion of the WMPO Board and through additional Surface Transportation Improvement Program (STIP) amendments by the Board of Transportation, if needed.

- 5) Transportation Improvement Program (TIP)**
Projects not in compliance with an existing TIP category will require a TIP amendment. Applicants should note that the TIP amendment process could delay the funding obligation timeline.

- 6) Federal Highway Funds versus Federal Transit Authority Funds**
Projects from local transit authorities whose proposed improvements are typically not listed within FHWA categories may have funding ‘flexed’ to the Federal Transit Agency (FTA) to allow for disbursement of these funds. This is an additional step, undertaken after the funding award. Applicants should note that the processing time for authorization is longer due to the additional level of review.

- 7) Project Design Intent**
Project design intent must meet or exceed Federal, State and local guidelines for design elements, including any minimum widths, safety elements or controls.

- 8) Project Cost**
Total Cost of Project = 20% local match + 80% requested from WMPO

For example, if the total project cost is estimated at \$250,000, the local match amount would be \$50,000 and the amount requested would be \$200,000.

Program Administrative Details

- 1) Project Submittal Limits**
Please limit submittals to no more than thirty (30) pages, including appendices.

- 2) No Unfunded Project Carry-Over**
Projects submitted that are not prioritized for funding are not automatically considered for funding in subsequent years. Any unfunded project may be resubmitted in subsequent years for funding.

- 3) Construction Requirement within 10 years**
As a federal funding source, the use of funds must result in achieving Construction Authorization of the project within 10 years of the fiscal year when Preliminary Engineering was authorized. As a result, projects that have cost overruns must be accounted for through a commitment of local funds through the construction phase. This provision may be waived by the approval for additional funding from the WMPO Board and through additional STIP amendments by the Board of Transportation, on a case by case basis.

Application Materials

Applicants are required to submit the following materials with their application:

- Funding Request Submittal Form
- Map of project (see Exhibit A for an example)
- Signed resolution of financial support (minimum 20%) from local government
- Detailed Engineer’s Opinion of Probable Construction Costs
- Project Schedule highlighting key milestone dates (i.e. deadlines for plan submittals at applicable stages, dates for requesting funding authorizations, etc.)
- Additional supporting documents – exhibits, additional maps, prior resolutions adopting plans that specify a need for the project, etc.

Funding Request Submittal Form

The following descriptions are to help completion of this form:

Project Name – A descriptive name of your project.

Project Location – Physical location and extents of the project, with the jurisdiction.

TIP ID# - For projects already in the STIP, include the TIP number here.

Total Project Cost – An estimate of the total cost of the project for all phases needing completion (Design/NEPA, Right-of-Way, and Construction).

Note: Local jurisdictions are responsible for 100% of actual project costs exceeding the estimations programmed through this process into the STIP. Estimated project costs are to include inspection and contract administration costs during construction and must be prepared by a licensed Professional Engineer in the State of North Carolina. If design has not been started on the project, it is recommended to use a 25% contingency.

Requested STBGP Funding – This is no more than 80% of the “total project cost”

Primary Applicant – The name of the agency submitting the application.

Secondary Applicant – If the applicant is a joint application include the name of the second entity applying for the funds. For example, local governments may partner with NCDOT, the WMPO, or an adjacent jurisdiction based on funding and project location.

Project Manager – The primary point of contact throughout the life of the project. This staff position is typically a representative of the primary applicant.

Contact Person – The person WMPO staff should contact with questions.

Project Description – A specific description of your project, including beginning and end points of the project and facility type. This should include a broad overview of the required work, plus any relevant background or context to the proposal.

Eligibility Requirements – The following allocation of points should be reviewed to determine if your project is eligible for this funding source. Elements not listed in the following table may be proposed for review on a case-by-case basis. *Projects not meeting the eligibility requirements will not be considered.*

Allocation of Points (100 points total):

1. Safety (25 Points)

- a. **Reported crashes over past three (3) years (up to 5 points):**
 - i. **One (1) to five (5) – 2 points**
 - ii. **Six (6) to ten (10) – 4 points**
 - iii. **More than ten (10+) – 5 points**
- b. **Crash pattern analysis (up to 7 points)**
 - i. **Any pedestrian crashes? – If yes, 5 points**
 - ii. **Percent vehicles only (100% - 3 points)**
 - iii. **Percent vehicle/pedestrian-cyclist, if >0% add 2 points**
 - iv. **Percent other, if >0%, add 2 points**
- c. **Mode separation (proposed) – up to 5 points**
 - i. **No physical barrier – 5 points to correct**
 - ii. **No vertical barrier – 5 points to correct**
 - iii. **Time of day restrictions – 3 points**
 - iv. **Turn/access restrictions – 3 points**
 - v. **Road closures (partial or full) – 3 points**
- d. **Upgrading infrastructure – up to 5 points**
 - i. **Narrow width sidewalks – 2 points to correct**
 - ii. **Narrow width bicycle lanes – 2 points to correct**
 - iii. **Installing transit shelters – 2 points**
 - iv. **Other – up to 1 point**
- e. **Designating and installing dedicated routes (up to 3 points)**
 - i. **Part of existing Safe Routes To School – 3 points**
 - ii. **Identified pedestrian crossings – 2 points**
 - iii. **Bicycle crossings – 2 points**
 - iv. **Closing gaps between facilities – 2 points**

- 2. Congestion Management/Capacity Improvements (25 points)**
 - a. Adding thru capacity – up to 10 points
 - i. Dedicated turn lane – 5 points per direction, 10 points maximum
 - b. Adding turn lanes at intersections – up to 5 points
 - i. Conversion of dedicated lane to shared thru/turn lane – 3 points
 - ii. Dedicated turn lane – 5 points
 - c. Restricting access - up to 5 points
 - i. Limiting left turn movements – 3 points
 - ii. Limiting thru movements – 5 points
 - d. Revising traffic controls to improve thru capacity – up to 5 points
 - i. Upgrading traffic signal phasing – 3 points
 - ii. Upgrading intersection geometry – 5 points
- 3. Multi modal elements (20 points)**
 - a. Adding non-automotive capacity to existing roadways – up to 4 points
 - i. Installing sidewalk – 2 points
 - ii. Installing bicycle lane(s) – 2 points
 - b. Extending bicycle lanes – up to 4 points
 - i. Extension < ½ mile – 2 points
 - ii. Extension ≥ ½ mile – 4 points
 - c. Adding recreational trails – up to 4 points
 - i. New shared use path (SUP) 10 feet wide < ½ mile length – 2 points
 - ii. New SUP 10 feet wide ≥ ½ mile length – 4 points
 - d. Upgrading transit infrastructure – up to 4 points
 - i. Installing new transit stops (sign posts) – 2 points
 - ii. Installing shelters at new/existing transit stops – 4 points
 - e. Reducing vehicle miles traveled (VMT) – up to 4 points
- 4. Accessibility (15 points)**
 - a. Closing sidewalk gaps – up to 6 points
 - i. Gap is < ¼ mile in total length – 2 points
 - ii. Gap is > ¼ mile in total length – 4 points
 - iii. Gap connects transit, school and/or trail – 6 points
 - b. New ADA infrastructure (ramps, pedestrian signals, markings) – up to 5 points
 - i. Installing/replacing ADA ramps at intersection – 2 points
 - ii. Installing ADA ramps and pavement markings (crosswalks) – 3 points
 - iii. Installing pedestrian traffic signal equipment – 5 points
 - c. Removing/addressing barriers – up to 4 points
 - i. New accessible roadway crossing – 2 points
 - ii. New accessible roadway crossing w/documented crashes – 4 points

5. **Project Status (up to 10 points)**
 - a. **Design/Planning – 5 points**
 - b. **Right-of-Way acquisition – 8 points**
 - c. **Construction – 10 points**

6. **Administration (5 points)**
 - a. **Prior project – 5 points**

Project Cost Estimates

Cost of NEPA/Design Phase – Provide an estimate of the total cost of the NEPA/Design Phase. This estimate should include the cost for environmental documentation, permitting, engineering, and bid document preparation (including specifications).

Cost of Right-of-Way Phase – Provide an estimate of the total cost of the Right-of-Way Phase. This estimate includes the cost for right-of-way acquisition and utility relocation. Note that the sum of the three phase specific cost estimates (NEPA/Design, Right-of-Way, and Construction) should equal the “Total Cost of Project.” Estimates must be prepared by a licensed Professional Engineer in the State of North Carolina.

Cost of Construction Phase – Provide an estimate of the total cost of the Construction Phase. This estimate should include the cost for materials, construction and inspections of the project. Note that the sum of the three phase-specific cost estimates (NEPA/Design, Right-of-Way, and Construction) should equal the “Total Cost of Project.” Estimated project costs must be prepared by a licensed Professional Engineer in the State of North Carolina.

Total Cost of Project – This is a sum of the cost of NEPA/Design, Right-of-Way and Construction. The estimate used to generate the associated costs should be provided as an attachment. See Appendix for example.

Funding Year Request – Federal Amount Requested per Phase and Fiscal Year

The STBGP-DA/ TASA-DA/ CR process allows for a multi-year award program with a recurring call for projects every year. The first two years of the program are considered committed. If a project receives funding for design, then the Construction and/or Right-of-Way of that project will also be considered committed. Years three (3) thru five (5) of the program will compete in the next call for projects but will receive points in the application for being previously programmed. Applications should clearly state the funding year(s).

Key Documents for Submittals

Proposed Project Map(s) – See Appendix and Exhibit A for criteria and example map.

Signed Resolution of Support

Resolution must be on the Primary Applicant’s letterhead and signed to be considered to be complete. See Exhibit C for an example resolution.

Detailed Opinion of Probable Construction Costs

Detailed anticipated construction costs prepared by a licensed Professional Engineer along with all costs associated with producing design documents (if required). All associated costs that may be incurred with the completion of the project including engineering, right-of-way, utility relocations, construction contingencies, NCDOT inspection / materials testing and construction administration (approximately 15% of project cost), and NCDOT project administration (currently set at 3% of project cost) should be presented in a line-item cost form.

Project Schedule

Project schedule highlighting key milestone dates (i.e. deadlines for plan submittals at applicable stages, dates for requesting funding authorizations, etc.). An example schedule is provided in the Appendix.

Additional Supporting Documents

Exhibits or site photos (with labels), additional maps, safety reports, crash records, resolutions adopting plans that specify a need for the project, etc. Resolutions in support of project must have been adopted prior to call for projects.

All submittals should be digital format (file transfer) with two (2) hard copies for review.

Tiebreaker Elements

In the event the number of applications exceeds the funding amount available, and one or more selected projects receive the same number of points using the evaluation matrix, the following elements will be used as a tiebreaker:

- 1) Existing projects will have priority over newly proposed projects, and
- 2) The project closest to bid phase will have priority, and
- 3) If necessary, the project with the lower cost shall have priority.

**WILMINGTON URBAN AREA METROPOLITAN PLANNING ORGANIZATION
BOARD**

**RESOLUTION APPROVING THE SCORING CRITERIA AND COMPETITIVE PROCESS
FOR THE FY 24 SURFACE TRANSPORTATION BLOCK GRANT PROGRAM - DIRECT
ATTRIBUTABLE, TRANSPORTATION ALTERNATIVES SET ASIDE- DIRECT
ATTRIBUTABLE, AND CARBON REDUCTION PROGRAMS**

WHEREAS, the Wilmington Urban Area Metropolitan Planning Organization provides transportation planning services for the City of Wilmington, Town of Carolina Beach, Town of Kure Beach, Town of Wrightsville Beach, Town of Belville, Town of Leland, Town of Navassa, New Hanover County, Brunswick County, Pender County, Cape Fear Public Transportation Authority, and the North Carolina Board of Transportation; and

WHEREAS, on July 18, 2012, the Wilmington Urban Area Metropolitan Planning Organization was designated as a Transportation Management Area (TMA); and

WHEREAS, the Infrastructure Investment and Jobs Act was signed into law by President Biden on November 15, 2021; and

WHEREAS, the Wilmington Urban Area Metropolitan Planning Organization’s Board is authorized to directly program Surface Transportation Block Grant Program- Direct Attributable (STBGP-DA), Transportation Alternatives Set Aside- Direct Attributable (TASA-DA), and Carbon Reduction program funds on eligible projects submitted by eligible entities through a competitive process; and

WHEREAS, the Wilmington Urban Area Metropolitan Planning Organization developed the scoring criteria and competitive process for the distribution of these funds through collaboration with the Board; and

WHEREAS, the evaluation metrics will total 100 points and are structured in the following manner:

1. Safety – 25 points maximum
2. Congestion Reduction – 25 points maximum
3. Multi-modal elements – 20 points maximum
4. Accessibility improvements – 15 points maximum
5. Project Readiness – 10 points maximum
6. Administration – 5 points

NOW THEREFORE, be it resolved that the Board of the Wilmington Urban Area Metropolitan Planning Organization hereby adopts the scoring criteria and competitive process for the FY 24 Surface Transportation Block Grant Program- Direct Attributable, Transportation Alternatives Set Aside- Direct Attributable, and Carbon Reduction Programs.

ADOPTED at a regular meeting of the Wilmington Urban Area Metropolitan Planning Organization’s Board on May 31, 2023.

Federal Funding and Fund Swaps

David Wasserman, P.E. – NCDOT STIP Unit

April 25, 2023

Topics

- Federal Funding Challenges
- August Redistribution
- Fund Swaps
- DA Funding Moving Forward?

Federal Funding Challenges

Federal Funding Challenges

In mid-1990s, NCDOT agreed to allow TMAs to direct how STBG-DA funds (> 200,000 pop.) should be spent

- STBG-DA funds are part of NCDOT's federal apportionment (i.e., flow through NCDOT and do not go directly to MPOs)
- Led to local jurisdictions administering more projects

Complex rules can slow down local jurisdictions in delivering federally funded projects

Delays result in NCDOT unable to obligate STBG-DA's funds each year

- Leads to large unobligated STBG-DA balances
- Limits the amount NCDOT can request in August Redistribution

Ways NCDOT can lose federal funds

Lapse

- Apportioned funds are available for 4 years. At the end of the 4th year, the funds lapse
- FY 2017 - \$4,067,845 of TAP funding lapsed
- After FY 2017, NCDOT began transferring unused TAP funds to prevent future lapses
 - \$47,962,999 total has been transferred
 - Funding ADA ramps
- IIIA modified transfer rules for TAP, making it difficult to transfer

Rescission

- Legislation enacted by Congress that cancels the availability of budget authority before it's set to expire (lapse)
- There was a 6/30/2017 rescission of \$2,458,105 of TAP funds
- There was a planned rescission in FY 2019 of \$7,569,000,000 nationwide (cancelled)

Ways NCDOT can lose federal funds

Pre-III A funds have been sequestered due to \$3.5B Federal accounting discrepancy (Delphi vs. FMIS)

- Most Pre-III A funds cannot be authorized
- NC has ~\$75M at risk including some unobligated STBG-DA and TAP-DA funds
- FHWA continuing to work on a solution

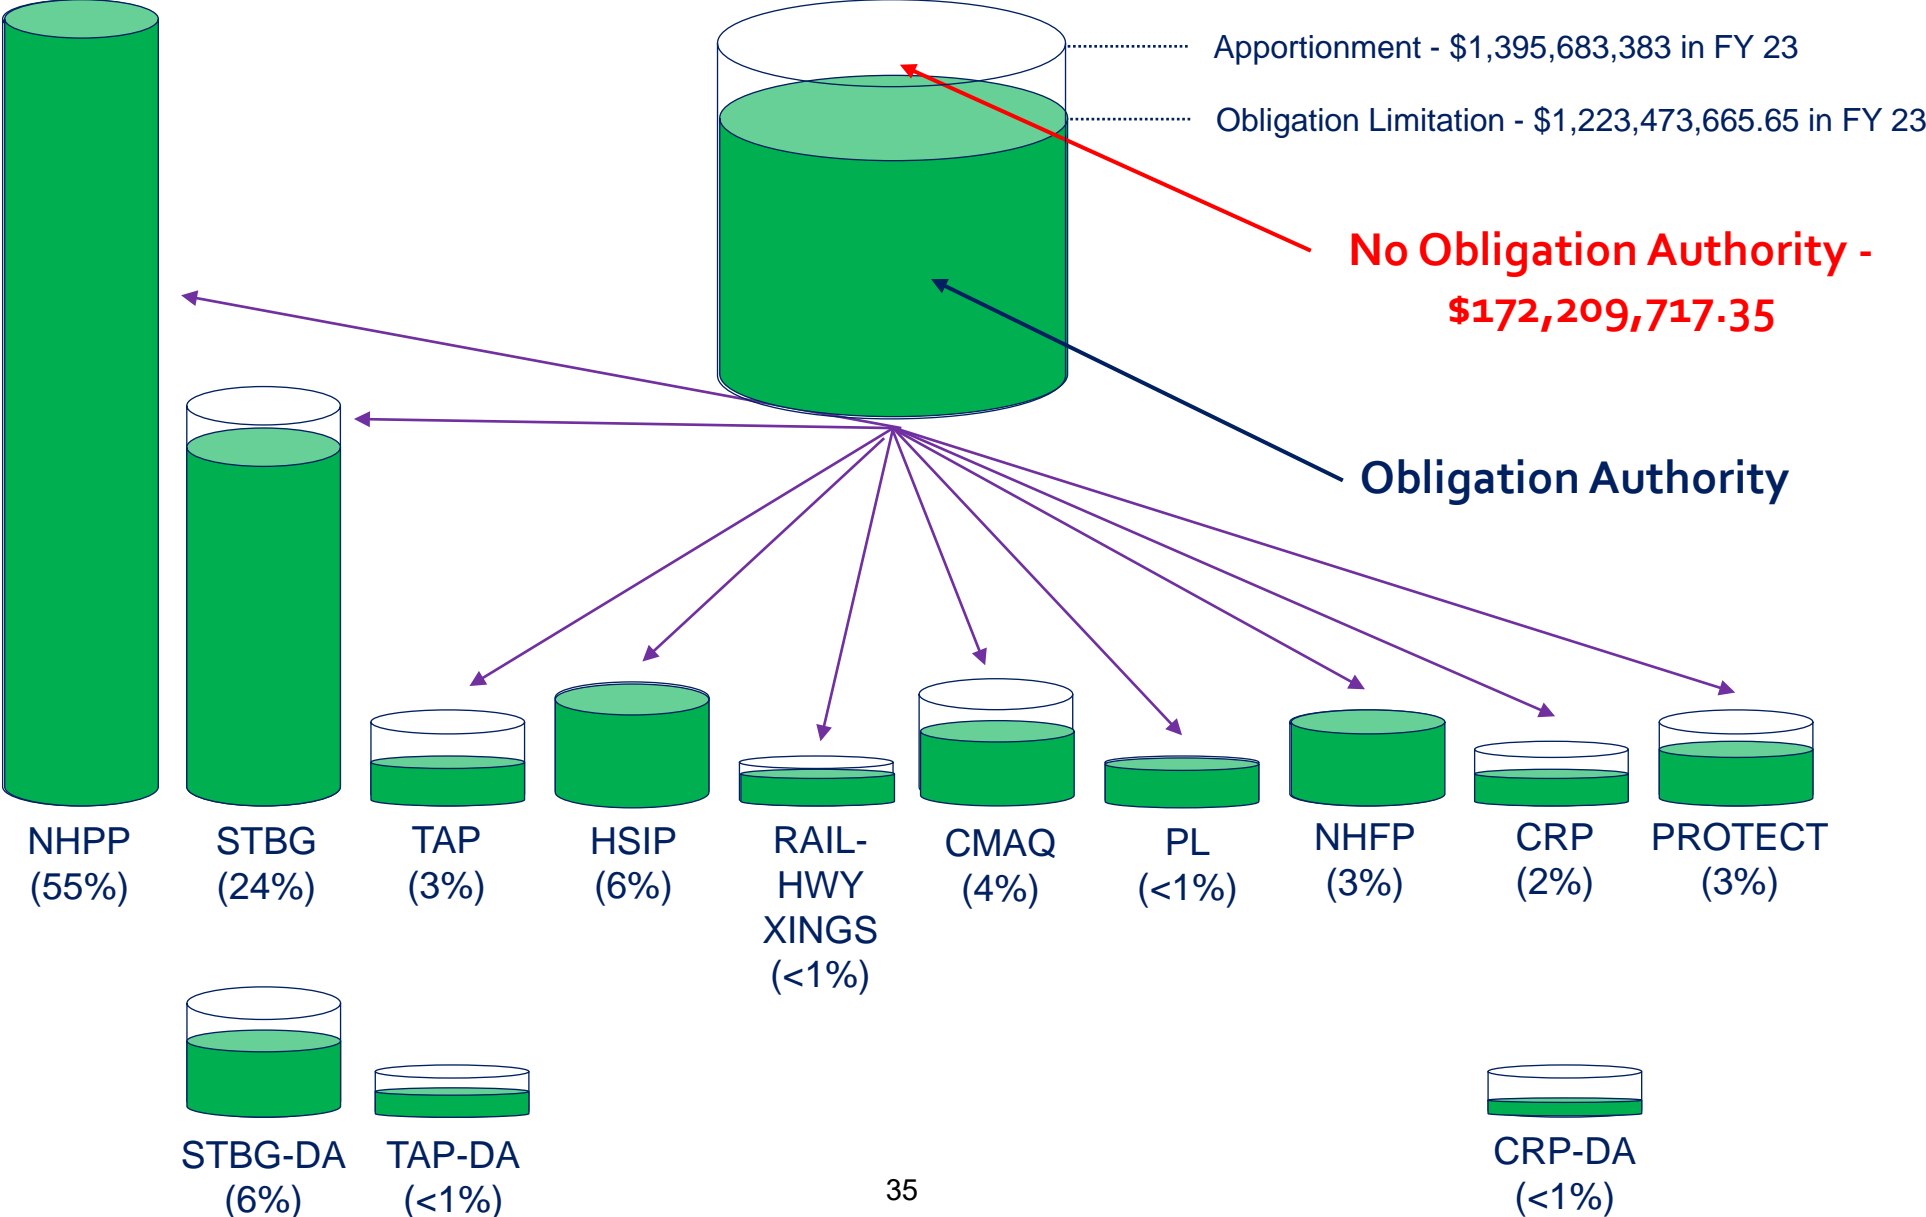

Loss of opportunity with August Redistribution

August Redistribution

Federal-Aid Funding

Federal-Aid Funding

What is August Redistribution?

Where FHWA redistributes unused obligation authority (OA) from federal programs that won't use their OA for that federal fiscal year to states that can use it

- Occurs each summer
- Think of OA as federal funding

Each July, NCDOT sends in our request for additional OA that we can use by Sept. 30th

By Aug. 30th, FHWA notifies each state how much add'l OA they'll receive.

Key to a larger request is to obligate as much federal funding in each of the different federal funding categories as possible

- Biggest challenge is authorizing funds in categories with Locally Administered Projects

August Redistribution

August Redistribution

Where does additional Obligation Authority (new funding) go?

- Must be obligated by September 30th
- Subject to STI funding distribution of 40/30/30
- Typically goes for expenses previously paid with state funds on federal projects that have been authorized using Advance Construction (AC)
- This “conversion” reimburses NCDOT with federal funds

August Redistribution

NCDOT has been very successful in previous years

- 2018 - \$168M
- 2019 - \$116M
- 2020 - \$144M
- 2021 - \$103M
- 2022 - \$277M

Reason for success in 2022 is due to high unobligated FY 22 balances in new IJA programs AND numerous STBG-DA swaps performed (>\$150M).

Thank you very much for all involved with the swaps.

Due to success in August Redistribution, we're now able to allow each TMA to program 100% of the DA apportionment, instead of just the obligation rate (~90%).

August Redistribution – Preparing for 2023

Larger OA expected to be available for FY 2023

Need to prepare now. Goal is to obligate as much as possible in each funding category.

- Every dollar that we can obligate by July 1st, high likelihood that we'll receive back in additional OA (new funding)
- If projects ready in every category with remaining funds, our August redistribution request could be \$367M

Obligate all DA funds by delivering projects or performing funding swaps

Fund Swaps

Fund Swap History

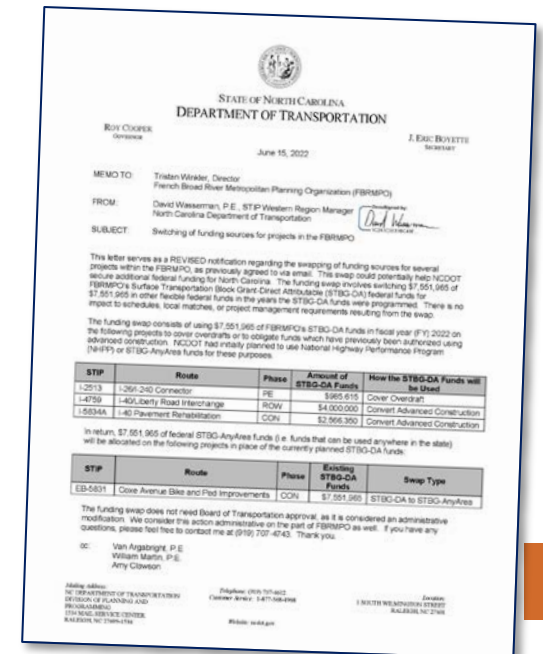

Started in 2018 as a way to assist with August Redistribution due to large unobligated STBG-DA balances

- Ideally all DA funds would be obligated each year [then swaps would not be needed]

STIP Unit reaches out to each TMA requesting to swap \$X in STI Funds (STBG-AnyArea) for \$X in STBG-DA Funds (revenue neutral)

- STBG-DA funds typically be used to cover overdrafts or convert AC
- STBG-AnyArea funds used to fund future projects
 - Depending on the TMA, the STBG-AnyArea funds assigned to specific projects or added the TMA's balance of future funds (or both)
- Matches, schedules, and requirements remain the same

Upon agreement, NCDOT sends the TMA a memo formalizing the swap

Fund Swap History

In 2022, NCDOT expanded the swaps to allow State Highway Trust Funds to be provided for STBG-DA funds (instead of just STBG-AnyArea Funds)

- Simpler for local jurisdictions to deliver projects with state funds vs. federal funds
- State Trust Funds could be used on any STI eligible highway project →
 - Larger potential of pool of highway projects (vs. just those on federal-aid system)
 - Bike & Ped projects must use federal funds due to STI prohibition

By swapping funds [and NCDOT obligating DA funds], minimize risk of FHWA rescinding the funds

NCDOT maintains swap tracking spreadsheets for each TMA

French Broad River MPO Swap Tracking

Funds Owed to the MPO

NCDOT's preference is to program swapped funds onto projects currently funded with STBG-DA funds

- STIP would clearly show that the locally selected project is funded with STBG-AnyArea funds or State Trust Funds (noted as "T(DA)")
- In the event that MPO does not have projects in the STIP to use STBG-AnyArea or State Trust Funds, NCDOT will add this "IOU" to the MPO's STBG-DA holdout project

August Redistribution – Preparing for 2023

STIP Unit working with TMAs to swap (and obligate) their unobligated STBG-DA, TAP-DA, and CRP-DA funds by July 1st

- Some swaps are within the MPO (i.e., using TAP-DA instead of STBG-DA)
- Other swaps are NCDOT-MPO swaps, where NCDOT will provide STBG-AnyArea or State Trust Funds in return
- In some cases, there aren't projects ready to go (esp. for TAP-DA or CRP-DA) → lost opportunity

DA Funding Moving Forward?

Future August Redistributions

Critical to continue to be successful with August Redistribution

- In FY 2024, 2025, and 2026, NCDOT's obligation limitation rate is expected to be lower (dropping to ~86% in 2026)
 - Federal programs get first shot at OA before distributed via formula to states
 - These programs will need their OA back that wasn't used in FY 2022 and 2023
 - The larger the August Redistribution amount, the lower the next year's OA for the states

If not successful with August Redistribution, obligation limitation rate for federal funds (including all DA pots) will decrease (i.e., we will not be able to provide 100% of apportionment)

Proposal

To help the NCDOT request more funds as part of August Redistribution, minimize future FHWA federal funding rescissions, and minimize potential lapsing of federal funds, NCDOT is proposing the following for TMAs that receive direct attributable funding:

- In lieu of doing fund swaps each year
- Each year (or upon request), NCDOT provides each TMA the projected amount of DA funding available over the next 5 years (or longer if desired). This includes the following funds:
 - STBG-DA
 - TAP-DA
 - CRP-DA
 - CMAQ (as many years of funding provided by TPD)
 - Funding owed to the TMA as a result of swap

Proposal (continued)

- Each TMA provides NCDOT a list of projects to fund with desired schedules
- NCDOT will review each project for funding eligibility
- NCDOT will use the most appropriate fund source when adding projects and/or modifying projects, using the most restrictive funding first
- NCDOT will work collaboratively with the MPO to manage project funding and may switch funding sources as needed for August Redistribution, minimize potential lapses, and/or minimize potential rescissions.
- NCDOT strongly encourages TMAs to have a single call for all types of projects, as this provides funding flexibility needed (as opposed to calls based on funding source)

NCDOT realizes that each TMA is different and may prefer to continue the practice of swapping funds each year

Discussion

Abby Lorenzo

Subject: RE: [External] RE: Proposed Funding Swap

Abby/Mike –

Thank you again for your willingness to agree to the fund swap. In reviewing the swap further, the total need to swap in FFY 23 for the GARVEE payment on R-2633 is less than originally proposed. The new total is \$7,847,347. We are working on an official memo documenting the swap and will send this soon. Before we do, we want to see if the MPO is amendable to additional swaps and switching of funding sources to help NCDOT request additional funds as part of August Redistribution. We are requesting to swap an additional \$1,599,313 of the MPO’s CRP-DA and TAP-DA funds in return for \$1,599,313 of STBG-AnyArea funds. The TAP-DA and CRP-DA funds would be used to convert advance construction on several projects currently underway, as noted below.

In addition, there are four projects proposed to be let in June that are currently funded with STBG-DA funds. Instead, we propose funding these with CRP-DA or TAP-DA, in order to obligate as much of the MPO’s current DA balances (which allows NCDOT to request more funds - and likely receive – for August Redistribution in FFY 2023). This switching of fund sources would not be considered a swap.

Please let us know if you are amenable to the additional swap and switching of fund sources. As always, please feel free to reach out with any questions.

Thanks,
David

WHEREAS, the Wilmington Urban Area Metropolitan Planning Organization has participated in revenue neutral funding swaps with the North Carolina Department of Transportation in previous August Redistribution cycles; and

WHEREAS, the North Carolina Department of Transportation proposes to swap \$1,599,313 of the Wilmington Urban Area Metropolitan Planning Organization's Transportation Alternatives Set Aside-Direct Attributable and Carbon Reduction Program-Direct Attributable funds for \$1,599,313 of Surface Transportation Block Grant-Any Area funds for the federal FY 23 August Redistribution Process.

NOW THEREFORE, be it resolved that the Board of the Wilmington Urban Area Metropolitan Planning Organization hereby approves the swap of unobligated Transportation Alternatives Set Aside-Direct Attributable and Carbon Reduction Program-Direct Attributable for Surface Transportation Block Grant-Any Area funds for the Federal Highway Administration's August Redistribution.

ADOPTED at a regular meeting of the Wilmington Urban Area Metropolitan Planning Organization's Board on May 31, 2023.

Henry E. Miller III, Chair

Mike Kozlosky, Secretary

PROPOSED FINAL 2024-2033 STATE TRANSPORTATION IMPROVEMENT PROGRAM: SCHEDULES OF PROJECTS SELECTED THROUGH PRIORITIZATION COMPARED TO DRAFT STIP (AUGUST 2022)

NOTES: COSTS AND SCHEDULES ARE AS OF MARCH 31, 2023 AND ARE SUBJECT TO CHANGE. PRIORITIZATION STATUS IS BASED ON THE FIRST YEAR OF RIGHT-OF-WAY, UTILITIES, OR CONSTRUCTION FUNDING. IF THE FIRST YEAR OF RIGHT-OF-WAY, UTILITIES, OR CONSTRUCTION FUNDING IS SCHEDULED ON OR BEFORE FISCAL YEAR 2028, THE PROJECT IS CONSIDERED "SCHEDULED FOR DELIVERY" AND DOES NOT HAVE TO BE REPRIORITIZED.

Notes:

Each organization receives a base of 1,000 points.

Each organization receives 100 additional points for every 50,000 in population.

- Population is rounded up to next 50,000.

Maximum number of local input points per organization is 2,500.

Each organization receives separate allocations of points for Regional Impact and Division Needs categories (# of points is the same for each).

Population sourced from 2020 census data.

MPO/RPO calculations use official boundaries as of January 1, 2023.

WALK WILMINGTON COMPREHENSIVE PEDESTRIAN PLAN UPDATE

Project Description/Scope: The City of Wilmington, in recognizing the desire of its citizens for a more walkable, livable community, applied for and received an NCDOT Planning Grant in 2021 to update the 2009 Walk Wilmington Comprehensive Pedestrian Plan. A Steering Committee, comprised of local stakeholders, citizens, and city staff, has been assembled to work with the consultant, Alta, to guide the development of the plan's update. The Steering Committee held its first meeting on Monday, March 28, 2022. During the meeting, Steering Committee members discussed their visions for the future of walking in the City; reviewed the successes of the current plan and opportunities to build upon; and began identification of where improvements will be most critical in the future. Alta completed a draft existing conditions analysis and an infrastructure safety analysis. The infrastructure safety analysis was presented to and discussed by the Steering Committee during its May 26th meeting, as well as a strategy for public engagement. A comprehensive public engagement period that included both a survey and input map application began June 15th and continued through mid-August. Ongoing during the outreach process were several in-person survey opportunities targeted to gather input from traditionally underserved communities. Just over 1,000 survey responses were received and used by Alta as a framework to guide the development of project and policy recommendations. The Walk Wilmington Steering Committee reviewed the draft priority areas identified through this framework during its September 27th meeting. Alta incorporated the Committee's initial comments and released a draft plan in November for the Steering Committee's further review. The committee's comments, as well as comments from key city staff, were sent to Alta on December 16, 2022. A final Steering Committee meeting, presenting the plan for receiving public comment on the draft plan and requesting assistance in promoting its availability was held on January 17th. The Draft plan was released for public review and comment on January 20th and was available for comment until February 20th. Two Public Workshops were held to allow for in person review and comment on the plan's recommendations. The first was held January 31st from 5pm – 7pm at Halyburton Park, and the second on February 1st from 5pm to 7pm at the MLK Community Center.

Project Status and Next Steps:

- All comments, including those from NCDOT IMD, have been received, reviewed, and addressed in the final draft version of Walk Wilmington
- Final plan presentation to City Council in June 2023

PENDER COUNTY BICYCLE AND PEDESTRIAN PLAN

Project Description/Scope: Pender County, in collaboration with the WMPO and consultant WSP, seeks to develop a comprehensive Bicycle and Pedestrian Plan to direct multi-modal development within the southern portion of the County. The final plan will be used to prioritize bicycle and pedestrian infrastructure implementation that will improve mobility, increase safety, and strengthen the connectivity for multi-modal transportation options in southern Pender County. The notice to proceed was issued in late September 2022.

Project Status and Next Steps:

- An online survey is open for public feedback for the plan.
- In April, the steering committee met a second time to identify a draft bicycle and pedestrian network.
- The third steering committee will reveal the findings of the study and collect feedback on the draft plan. The meeting is expected to take place in May.

- The plan will be completed by June 2023.

NCDOT IMD FEASIBILITY STUDY GRANTS

Project Description/Scope: In July 2022, the North Carolina Department of Transportation (NCDOT) was allocated \$2 million in one-time funding from the North Carolina General Assembly to establish a Paved Trails Feasibility Study Program. The Integrated Mobility Division (IMD) was also awarded \$500,000 in State Planning and Research (SP&R) funds to support sidewalk and shared-use path feasibility studies. The purpose of the Paved Trails and Sidewalk Feasibility Studies Grant Program is to improve the pipeline of bicycle and pedestrian projects accessing state and federal funding, resulting in successful implementation of projects led by communities prioritizing multimodal infrastructure.

Wilmington Downtown Trail Phases 2 & 3:

The Downtown Trail will eventually connect the River to Sea Bikeway to the future Multimodal Transportation Center, Cape Fear Community College, and the Riverwalk. In between these locations, the trail will provide a recreational facility for several communities in proximity to the downtown. The project currently consists of three phases. The first phase, from 3rd Street to Archie Blue Park, is in the preliminary engineering phase. The purpose of this study would be to assess the feasibility of constructing Phases 2 and 3. A scoping meeting with NCDOT IMD and the selected consultant, Kittelson, was held on May 2, 2023.

Project Status and Next Steps:

- Kittelson preparing draft scoping document for review by WMPO.
- Work anticipated to begin in June 2023.
- Final study report anticipated in late spring/early summer 2024.

Gullah Geechee Heritage Trail:

The purpose of this study would be to assess the feasibility of constructing a 10'-12' multi-use path facility in the Gullah Geechee Heritage Corridor from Phoenix Park in Navassa to Brunswick Nature Park in unincorporated Brunswick County. The Gullah Geechee Heritage Corridor is designated as a Cultural Heritage Area by U.S. Congress, presenting an opportunity to educate the public about the history of the Gullah Geechee people and highlight historical sites within Brunswick County. A scoping meeting with NCDOT IMD and the selected consultant, Kittelson, was held on May 2, 2023.

Project Status and Next Steps:

- Kittelson preparing draft scoping document for review by WMPO.
- Work anticipated to begin in June 2023.
- Final study report anticipated in late spring/early summer 2024.

SITE DEVELOPMENT REVIEW

Project Descriptions/Scope: The Wilmington Urban Area MPO assists with site development and Transportation Impact Analysis review for the MPO's member jurisdictions. During the last month, staff has reviewed the following development proposals:

- New Hanover County Formal Plan Reviews: 13 reviews
- New Hanover County Informal Plan Reviews: 4 reviews
- New Hanover Concept Reviews: 2 reviews
- Town of Leland Concept Plan Reviews: 0 reviews
- Town of Leland Formal Reviews: 6 reviews
- Town of Leland Informal Reviews: 0 reviews
- Town of Navassa Formal Plan Reviews: 0 reviews

- Town of Navassa Informal Reviews: 0 reviews
- Town of Navassa Concept Reviews: 0 reviews
- Town of Belville Formal Reviews: 0 reviews
- Town of Carolina Beach Formal Reviews: 0 reviews
- Town of Carolina Beach Informal Reviews: 0 reviews
- Town of Carolina Beach Concept Reviews: 0 review
- Brunswick County Formal Plan Reviews: 0 reviews
- Brunswick County Informal Plan Reviews: 1 review
- Pender County Formal Reviews: 3 reviews
- Pender County Informal Reviews: 0 reviews
- Pender County Concept Reviews: 0 reviews
- City of Wilmington Formal Reviews: 47 reviews (5 new, 42 on-going)
- City of Wilmington Informal Reviews: 11 reviews (2 new, 9 on-going)
- City of Wilmington Concept Reviews: 0 review(s) (0 new, 0 on-going)
- City of Wilmington Full Releases: 3

TIA Reviews: 34 total active (7 new; 28 under review; 6 approved)

- New Hanover County 11 (2 new, 9 under review, 2 approved),
- City of Wilmington 6 (1 new, 5 under review, 1 approved),
- Carolina Beach 0,
- Town of Belville 0,
- Town of Leland 3, (0 new, 3 under review, 0 approved),
- Town of Navassa 2, (1 new, 0 approved, 1 under review),
- Pender County 11 (2 new, 9 under review, 2 approved) and
- Brunswick County 3 (1 new, 2 under review, 0 approved)

STBGP-DA/TASA-DA/CRRSAA FY2013
to Present

U-5534C - WRIGHTSVILLE AVENUE/GREENVILLE AVENUE TO HINTON AVENUE

Project Descriptions/Scope: The project is for construction of intersection re-alignment improvements at the intersection of Wrightsville Avenue/Greenville Avenue and bike lanes and sidewalks along Greenville Avenue from Wrightsville Avenue to Hinton Avenue.

Project Status and Next Steps:

- NCDOT approval of final design elements and right-of-way authorization obtained June 10, 2022
- Advertise for Bid – June 2023
- Begin Construction – October 2023
- Construction Complete- July 2024

U-5534G –CITY OF WILMINGTON- HOOKER ROAD MULTI-USE PATH

Project Descriptions/Scope: The project consists of the construction of a 8' wide multi-use path along Hooker Road from Wrightsville Avenue to Mallard Drive/Rose Ave intersection

Project Status and Next Steps:

- NCDOT approval of final design elements and right-of-way authorization obtained June 10, 2022
- Advertise for Bid –June 2023
- Begin Construction –October 2023

- Construction Complete- July 2024

U-5534H –CITY OF WILMINGTON- HINTON AVE MULTI-USE PATH

Project Descriptions/Scope: This project consists of the construction of an 8' wide multi-use path along Hinton Avenue from Park Avenue to Greenville Avenue.

Project Status and Next Steps:

- NCDOT approval of final design elements and right-of-way authorization obtained June 10, 2022
- Advertise for Bid –June 2023
- Begin Construction –October 2023
- Construction Complete- July 2024

U-5534I –TOWN OF LELAND- VILLAGE ROAD MULTI-USE PATH EXTENSION

Project Descriptions/Scope: The construction of a 8 foot wide concrete path from the connection at the Brunswick Center in Leland across the front of the library property, down Village Road, ending on the western edge of the First Baptist Church property before the Sturgeon Creek Bridge.

Project Status and Next Steps:

- Construction commenced February 8, 2021
- Town of Leland is working with the Contractor’s Surety
- Final Project Closeout date to be determined
- Project completion requested to be extended to June 30, 2024

U-5534J – TOWN OF LELAND- OLD FAYETTEVILLE LOOP ROAD PEDESTRIAN LOOP

Project Descriptions/Scope: The construction of sidewalks in three locations: 1) The construction of an 8-foot concrete sidewalk along Village Road from Town Hall Drive to the apartment complex and widening the existing 5-foot sidewalk in front of the apartment complex to 8 feet. 2) The construction of a 6-foot sidewalk along Town Hall Drive from Village Road NE to the sidewalk that exists by the new Town Hall. 3) The construction of a 5-foot sidewalk along Old Fayetteville Road from the existing sidewalk in front of the apartment complex to Village Road NE.

Project Status and Next Steps:

- Construction commenced February 8, 2021
- Town of Leland is working with the Contractor’s Surety
- Final Project Closeout date to be determined
- Project completion requested to be extended to June 30, 2024

U-5534K – TOWN OF LELAND- LELAND MIDDLE SCHOOL SIDEWALK

Project Descriptions/Scope: The construction of 5-foot-wide concrete sidewalk adjacent to Old Fayetteville Road from Ricefield Branch Road to the US Hwy 74/76 overpass after Glendale Drive with connections to Leland Middle School and the surrounding neighborhoods.

Project Status and Next Steps:

- Construction commenced February 8, 2021
- Town of Leland is working with the Contractor’s Surety
- Final Project Closeout date to be determined
- Project completion requested to be extended to June 30, 2024

U-5534Q –CITY OF WILMINGTON- S. COLLEGE/HOLLY TREE CROSSWALKS

Project Description/Scope: The project will install sidewalk, ADA ramps, curb and gutter, markings and traffic signal revisions required to install actuated pedestrian crossings of S. College Road and crossings on Holly Tree Road.

Project Status and Next Steps:

- Received Construction Authorization from NCDOT and Notice to Proceed (NTP) from NCDOT (U-5534Q & EB-6028) on February 8, 2023
- Advertise U-5534Q and EB-6028 on March 8, 2023
- Pre-Bid Meeting on March 21, 2023
- Bid Opening (LET) on April 13, 2023
- One (1) bid submitted and rejected (May 16, 2023 Council Meeting) due to Over/Under difference with Engineer's Cost Estimate.
- Re-advertise w/ EB-6028 on May 18th (TBD)
- Bid Opening (LET) on June 8, 2023

U-5534U – TOWN OF NAVASSA- NAVASSA PARK MULTI-USE PATH

Project Description/Scope: This project will construct bike lanes on both sides of Brooklyn Street, a multi-use path connecting Brooklyn Street to the Navassa Park, and a multi-use path through the Navassa Park forming a loop within the park.

Project Status and Next Steps:

- Right Angle provided the 90% plans
- 90% plans and contract documents have been submitted to NCDOT
- CE Document has been approved
- Right-of-way authorization approved
- The consultant is proceeding with the right-of-way acquisition.
- Proposed property valuations have been submitted and have been approved by NCDOT.
- Letters to property owners have been mailed to initiate the acquisition process.
- Construction fund authorization request will occur next federal fiscal year

U-6233 CAROLINA BEACH HAMLET AVENUE/ US 421 TRAFFIC SIGNAL

Project Description/Scope: installation of traffic signal with pedestrian infrastructure at the intersection of Hamlet Avenue and US 421 in the Town of Carolina Beach

- The signal plans have been finalized.
- The construction WBS was amended in October by the Board of Transportation
- Tentative construction starts in mid-year 2023

U-6234 MULTI-MODAL PHASE 1 B

Project Description/Scope: Rehabilitation of the historic structure located at 525 N 4th Street for MPO offices.

Project Status and Next Steps:

- Paragon Building Corp awarded bid and signed the contract
- Project design team working thru submittals and proposed construction schedule
- Contractor submitted a revised construction schedule and has mobilized on site
- September 12, 2022, building permit issued
- Right of Way permit has been approved
- Ongoing demolition of site and cleaning of the exterior walls
- Ongoing investigation for the stabilization of the brick

- Installed water service
- Prepared the masonry of the south parapet wall for reinstallation
- Prepared the subgrade for the concrete slab foundation installation
- Began installation of slab foundation (part 1 of 3)
- Poured second portion of the slab foundation (part 2 of 3)
- Began masonry repair on the south wall
- Installed structural steel columns.
- Continued masonry repairs for the south wall
- Completed masonry repairs to south wall
- Completed installation of structural steel
- Successful demolition & removal of existing second floor joists
- Started setting of anchor bolts into the masonry walls
- Started masonry repairs to window openings.
- Started installation of new roof support system

U-6235 – CITY OF WILMINGTON/NEW HANOVER COUNTY – SIGNAL PRE-EMPTION PHASE 2

Project Description/Scope: The project will install traffic pre-emption equipment at 50 locations throughout the City of Wilmington and New Hanover County and GPS equipment on emergency response vehicles.

Project Status and Next Steps:

- Design contract approved May 5, 2021, by City Council and execution is complete.
- Design kick-off meeting held July 23, 2021, with Wilmington Fire Department, Traffic Engineering and Davenport Staff.
- Design started in October 2021 is expected to last through May 2023.

U-6039 – CAROLINA BEACH – ST. JOESPH BIKE LANES

Project Description/Scope: Construct Bike Lanes along St. Joseph Avenue and Lewis Drive from Lake Park Boulevard to Access Drive in Carolina Beach

Project Status and Next Steps:

- NCDOT funding availability reopened January 25, 2021
- Town Council elected to move forward with the project
- Agreement executed with NCDOT on August 18, 2021
- Design discussions held with Kimley-Horn & Associates (KHA) on August 31, 2021
- Public meeting held on March 24, 2022, to present three (3) design alternatives for bike path on St. Joseph
- KHA presented to Town's Bike & Pedestrian Committee summary of comments on April 18, 2022
- KHA presented at Town Council regularly scheduled meeting on May 10, 2022
- Town Council approved Option 3 on May 10, 2022, as presented by KHA
- On May 25, 2022, project managers submit RFLOI to NCDOT prequalified engineering firms with a response deadline of June 8, 2022
- Responses to RFLOI reviewed by WMPO/Town of Carolina Beach
- On July 12, 2022, the Town of Carolina Beach selected KHA as the design firm
- On September 22, 2022, the Town received a Letter of Agreement from KHA for Scope of Services and Project Engineer Design Estimate.
- The Town has uploaded documentation via EBS portal for review and approval.
- The Town has obtained NCDOT approval in January 2023

- Project meeting with consultant scheduled for March 2023
- Surveying of the project area is in progress.
- Community updates are being provided.

TASA-DA/CRRSAA/STIP

BL-0045 – DOWNTOWN GREENWAY PH. 1 DESIGN

Project Description/Scope: design and engineering for an approximately 2.2 mile long, 10’ to 12’ in width portion of the trail beginning at 3rd street in the Downtown within the NCDOT owned rail corridor to McRae St (defined in the Wilmington Rail Trail Master Plan); abutting the Dorothy B. Johnson Elementary School western parcel line; traversing east along CSX right-of-way to Archie Blue Park; and continuing north through Archie Blue Park, parallel to the creek and terminating at the Love Grove Bridge multi-use path facility.

Project Status and Next Steps:

- Agreement executed by NCDOT on April 20, 2022
- City selected an on-call engineering consultant (WSP) to perform design and engineering. A scope and fee were agreed upon and approved by NCDOT.
- Award of contract by City Council on September 6, 2022.
- Notice to proceed issued on October 2, 2022.
- NCDOT Rail Division is moving forward with scoping for the design for necessary corridor improvements to accommodate both future passenger rail service and the Downtown Trail facility. To ensure continued coordination and collaboration, the trail design schedule will be amended as necessary to align with NCDOT Rail’s design schedule, anticipated to be determined by June 2023. The proposed final alignment of the trail in the NCDOT Rail owned corridor to be determined through this continued coordination.
- WSP submitted a supplemental scope of services to support continued project management activities, NCDOT and CSX rail coordination, and additional survey tasks. The supplement has been submitted to NCDOT for approval.
- Public meeting now tentatively scheduled for Summer/Fall 2023.

BL – 0059 TOWN OF KURE BEACH - FORT FISHER BOULEVARD/K AVENUE AND NORTH 3RD STREET PEDESTRIAN SAFETY IMPROVEMENTS

Project Description/Scope: This project entails intersection improvements at Ft. Fisher Boulevard and K Avenue to include high visibility crosswalks, ADA ramps, and pedestrian signals; and filling gaps in the sidewalk network on Ft. Fisher Boulevard and N. 3rd Street that will create a pedestrian network connected to the Ft. Fisher Boulevard and K Avenue intersection.

Project Status and Next Steps:

- Agreement finalized and adopted September 2022
- Request for PE Authorization in October 2022
- Request for Letters of Interest to be sent in December 2022
- Four (4) proposals reviewed in January 2023
- PE firm selection February 2023
- Project kick-off meeting scheduled for March 2023

EB-5600 – S. 17TH STREET MULTI-USE PATH

Project Description/Scope: This project consists of the construction of a 10’ multiuse path along South 17th Street from Harbour Drive to Shipyard Boulevard and the installation of crosswalks and pedestrian signal heads at the intersection of South 17th Street and Shipyard Boulevard.

Project Status and Next Steps:

- Agreement executed with NCDOT on May 24, 2022
- Scope and Fee submitted to NCDOT on September 16, 2022
- Change Request for PE Authorization submitted to NCDOT on September 21, 2022
- Request to use RS&H (COW On-Call) approved by NCDOT on October 10, 2022
- NCDOT approved the scope and fee on November 2, 2022
- Change Request for PE Authorization approved on January 20, 2023
- Contract between City and RS&H executed on January 24, 2023 and notice to proceed issued.
- Design kick-off meeting between City and RS&H staff held on January 31, 2023
- Design criteria and typical section submitted on March 17, 2023.
- Survey work completed on April 27, 2023.
- Natural Resources Technical Report (NRTR)/Environmental Document is in progress.
- Field visit scheduled for May 4, 2023.

EB-6025- TOWN OF BELVILLE- RICE HOPE MULTI-USE PATH

Project Description: The project consists of the construction of a multi-use path of eight feet (8') wide located at the western side of NC 133 between Morecamble Blvd and Rice Hope Run.

Project Status and Next Steps:

- 100% plans approved by NCDOT
- Contract proposal (with cost estimate) approved April 11, 2022
- CEI contract award in October 2022
- Construction authorization February 2023
- CE Consultation required; revised b/c Tricolored Bat is on the potentially endangered species list. CE Consultation signed by both Withers Ravenel and NCDOT.
- Withers Ravenel is delivering bid documents to the Town mid-May. Will submit for NCDOT review and approval.
- Tentative bid solicitation in June 2023
- Anticipated bid award/start of construction September 2023

EB- 6026- TOWN OF BELVILLE- BELVILLE ELEMENTARY- MULTI-USE PATH

Project Description: The project consists of the construction of a multi-use path of eight feet (8') wide located along NC 133 connecting north and south entrances of Hawks Water Development to Belville Elementary School.

Project Status and Next Steps:

- 100% plans approved by NCDOT
- Contract proposal (with cost estimate) approved April 11, 2022
- CEI contract award in October 2022
- Construction authorization February 2023
- CE Consultation required; revised b/c Tricolored Bat is on the potentially endangered species list. CE Consultation signed by both Withers Ravenel and NCDOT.
- Withers Ravenel is delivering bid documents to the Town mid-May. Will submit for NCDOT review and approval.
- Tentative bid solicitation in June 2023
- Anticipated bid award/start of construction September 2023

EB-6027 – NEW HANOVER COUNTY -MIDDLE SOUND GREENWAY

Project Description: Design only of the Middle Sound Greenway connection to Publix

Project Status and Next Steps:

- Comments received from CFPWA indicate conflicts with utilities that will require design adjustments
- Right of way acquisition continuing (2 remaining, dependent on water/sewer changes needed)
- NCDOT issued notice of Construction Authorization on April 12, 2022.
- Level A SUE completed, and results have been reviewed.
- Updated utility design under review with CFPWA (since January 25, 2023)
- NCDOT Div. 3 requiring consultation for the approved environmental documentation (CE).
- These additions add an additional 60 days to the design schedule.
- Anticipated construction let date of May 2023

EB-6028 —CITY OF WILMINGTON- 21ST STREET/MARKET HAWK SIGNAL

Project Description: Design and construction of a HAWK signal at the pedestrian crossing at Market Street and 21st Street

Project Status and Next Steps:

- NCDOT has approved the 100% project plans
- Received Construction Authorization from NCDOT and NTP from NCDOT (U-5534Q & EB-6028) on February 8, 2023
- Advertise U-5534Q and EB-6028 on March 8, 2023
- Pre-Bid Meeting on March 21, 2023
- Bid Opening (LET) on April 13, 2023
- One (1) bid submitted and rejected (May 16, 2023 Council Meeting) due to Over/Under difference with Engineer's Cost Estimate.
- Re-advertise w/ U-5534Q on May 18th (TBD)
- Bid Opening (LET) on June 8, 2023

EB-6029 – TOWN OF CAROLINA BEACH – CLARENDON AVENUE MULTI-USE PATH

Project Description: Construction of the Clarendon Avenue multi-use path from 4th Street to Dow Road

Project Status and Next Steps:

- Town Council has requested to cancel this project.
- The MPO Board supported removal of the project at their November 30th meeting.
- STIP amendment to delete the project will be considered by the MPO Board at their March meeting.

HL – 0040 NC PORTS WILMINGTON – NEW NORTH GATE FEASIBILITY STUDY

Project Description/Scope: This project is a feasibility study, early design and NEPA work to determine the high-level alternatives and costs associated with a new North Gate on NC Port of Wilmington property to allow for efficient freight access to and from the General Terminal.

Project Status and Next Steps:

- Advertisement for on-call consultants, August 14, 2020
- Selection and signed contract with HDR on October 29, 2020
- Kickoff meeting on site with NCSPA on March 10, 2022
- NCSPA/WTRY call on April 5, 2022

- Draft scoping letter to Port on April 5, 2022
- Traffic counts completed April 12, 2022
- Scoping Letter to Agencies on April 18, 2022
- Draft design assumptions & Typical Sections submitted on June 3, 2022
- Draft Limited Environmental Records Review (LERR) submitted on July 5, 2022
- Revised typical sections submitted on July 7, 2022
- Natural Resources Technical Report (NRTR) on August 8, 2022
- Revised Limited Environmental Records Review (LERR) submitted August 15, 2022
- Draft 15% roadway submittal on September 15, 2022
- Preliminary Hydraulics submittal on October 11, 2022
- Revised Roadway plans submitted on November 16, 2022

TC – 0021 WAVE PASSENGER AMENITIES AND UPGRADES

Project Description/Scope: Cape Fear Public Transportation Authority (WAVE transit) currently has a total of 440 bus stops, 24 benches and 27 shelters. Shelters only represent 6% of our passenger amenities, while other NC agencies average 14%. To meet the peer average for statewide systems, CFPTA needs to install an additional twenty-six (26) benches and twenty (20) shelters. This project will support the installation of a total of nine (9) bus stop benches and ten (10) bus stop shelters along eight (8) transit routes located within the City of Wilmington. The project includes engineering and design, construction of concrete pads, ADA ramps, ADA access, and purchase and installation of durable bench and/or shelter, waste receptacle, and solar lighting, where applicable.

Project Status and Next Steps:

- The project was awarded funds in November 2021
- NC Board of Transportation approved the flex request in January 2023
- Flex request confirmed end of April 2023

TRANSPORTATION DEMAND MANAGEMENT PROGRAM

Project Description/Scope: The TDM “Go Coast” program works to increase the use of alternative transportation by WMPO residents and decrease Vehicle Miles Traveled (VMT). The WMPO Board approved Cape Fear Change in Motion 2020, the short-range TDM Plan which will guide Go Coast initiatives from 2021 to 2025. This plan identifies seven short-range strategies to increase mobility options and reduce traffic in the WMPO region. These strategies are: Alternative Work Schedules, Bike Share Program, Carpool and Vanpool, Consulting for Telecommuting Opportunities, Fostering a Bicycle and Pedestrian Friendly Culture, Improved TDM-Focused Collaboration, and Personalized Commuter Plans.

Go Coast current initiatives and project status:

1. Go Coast Committee Meeting - The next Go Coast committee meeting will occur on May 18, 2023, at 3 PM.
2. Bicycle Helmet Initiative – The WMPO has been selected to receive 100 bicycle helmets to be distributed to low-income children through NCDOT’s Bicycle Helmet Initiative. Helmets will be distributed this summer during the Be a Looker campaign.
3. Be a Looker – WMPO and Go Coast will promote the Be a Looker campaign from April 2023 through October 2023, which encourages safety among all road users including motorists,

bicyclists, and pedestrians, through attending events, presentations, distributing informational brochures, advertising, and social media.

4. May is Bike Month – National Bike Month is observed in May. Go Coast is facilitating the region's Bike Month celebration with a page at gocoastnc.org/bike-month, which has links to forms for tracking rides during May, an event/ride calendar, and helpful links. Staff will host a Bike on Bus workshop on May 9 at Padgett Station.

Cape Fear Public Transportation Authority **April 2023 Project Updates**

RIDERSHIP UPDATES

In March of 2023, Wave Transit experienced its highest fixed route monthly ridership post COVID at 49,733 passenger trips. Average monthly ridership for the past 36 months is 43,289. Five out of the seven routes that are experiencing growth over the prior fiscal year are showing double digit growth. Most impressive are three routes - 201 Carolina Beach Road route is up 22%, 108 Market St route is up 30%, and the 107 College Rd route is up 60% in ridership over prior fiscal year.

Microtransit also saw its highest ridership month since inception at 1,694 trips for the month of March. FY23 ridership average is 1,431.

Combined, the system is up over 5%.

ZEV TRANSITION PLAN

In early 2022 NCDOT committed 100% funding to assist Wave Transit in developing a Zero Emissions Transition Plan.

The Federal Transit Administration and other primary funding agencies have directed transit agencies nationwide to transition their fleets to Low or No Emissions, with funding priority given to Zero Emissions Vehicles (ZEV). The Transition Plan is a requirement by FTA to apply for grant funds supporting any ZEV projects, including vehicles and all related infrastructure. In 2020, North Carolina's governor signed the Multi-State Medium and Heavy-Duty ZEV Memorandum of Understanding, committing to electrifying buses in the state.

This study evaluates these potential impacts and develops a strategic road map to incorporate battery electric vehicles (BEV) and/or hydrogen fuel cell electric vehicles (FCEV) for Wave Transit. Wave Transit has a total of 68 vehicles, of which only 26 are CNG low emission vehicles.

Wave Transit staff are working with consultants from HDR to develop the transition plan, which is in the final drafting stage.

CAPITAL PROJECTS

A Passenger Amenities Improvement Plan is currently under development to prioritize passenger amenity improvements and additions at our highest use stops, stops that are at points of interest, and stops with the highest wait times. There are currently three projects underway to improve passenger amenities. Total installations will include 20 pole stops, 26 shelters, and 19 benches over the next 12-24 months.

The first two major shelter replacements have been completed, both occurring at our highest ridership stops in the city. The first was installed at Rose's Shopping Center, at 2638 Carolina Beach Rd and the second at Walmart, at 5226 Sigmon Rd. There have also been eight pole stop installations completed, primarily along College Rd between 17th Street and Shipyard Blvd where no stops existed more than one mile. The industry standard for bus stop spacing is ¼ mile.

OTHER PROJECTS

On December 21st, the United States Department of Transportation (USDOT) awarded NCDOT \$10.4 Million in Rural Surface Transportation Grant program funding to deploy on-demand microtransit services in eleven rural North Carolina communities, including the Wilmington area. MEE NC will accelerate the deployment of high-quality, on-demand transit services to rural, low-income communities throughout North Carolina, leading to more equitable mobility and improved access to opportunities, services, and resources for transportation disadvantaged populations. Wave Transit requested additional vehicles, software, and service area expansion for the existing RideMICRO system. The project scope will be finalized with USDOT over the next few months.

Cape Fear Public Transit Authority has recently awarded the RFP for the development of the Short-Range Transit Plan to Nelson\Nygaard Consulting Associates. This firm will develop several models for the fixed-route bus system, including the trolley, microtransit zones, and the university shuttle system.

CFPTA’s most recently completed Short-Range Transit Plan took place in 2017, which helped serve as a guide for the agency’s transit planning efforts. The Authority is utilizing the recently selected consultant to provide recommendations for service improvements for FY2024-FY2028 that are comprehensive, fiscally constrained, and implementable according to a timeframe. The primary objective of the analysis is to improve the efficiency and effectiveness of the Authority’s fixed-route system to better serve the public transportation needs of the Cape Fear Region, without increasing the operating budget for the Authority.

WMPO MAY PROJECTS IN DEVELOPMENT

Project Manager	Contract Type	TIP	Description	County	SAP LET Date
Derek Pielech	DPOC	BP3-R004	REPLACE BRUNSWICK BRIDGE 181 OVER STURGEON CREEK ON SR 1437 (OLD FAYETTEVILLE ROAD) (Previously 17BP.3.R.84).	BRUNSWICK	2024.06.15

MAY TPD UPDATES WILMINGTON MPO

MAY 2023

Brunswick County Comprehensive Transportation Plan (CTP): There were three in-person public involvement sessions throughout Brunswick County for the Brunswick County CTP. The first session was held in Calabash on May 2nd, second session was in Bolivia on May 4th, and the final session was in St. James on May 9th. Virtual public involvement sessions were open from May 1st – May 15th on public input. Next steps are to gather feedback, meet with the CTP steering committee, and get ready for adoptions.

Wilmington Model: The 2050 Travel Demand Model (TDM) work started on 3/1/2022. The TDM is being developed for the next Wilmington MTP. Currently the engineer and modeler are working on checking and updating network attributes, creating base year SE Data and preparing base year network. TPD is also continuing to work with the MPO to collect and verify data.

Additional information: The Census is now available on the United States Census Bureau site. Refer to the [website](#) for census information.
